

April 2026

What has happened?

- An easy read version of the plan has been produced and work has begun on a children and young persons version.
- The second stage of rebranding with Area Partnerships. PSG has updated their plan and officers have been supporting Musselburgh and Haddington who will bring their new plans to the Board meeting 26th May.
- A short life working group has been developing the Board terms of reference, along with updating reporting templates and shared understanding of language.
- Officers have been supporting the Childrens Strategic Partnership with their new Children Services Plan, and using data from our engagement report to support development of the new Local Development Plan and Local Transport Strategy refresh.

The Local Outcome Improvement Plan and accompanying documents can be accessed [here](#).

Our New Plan in East Lothian

What is next?

- Preparing a resource for Modern Studies teachers to use with pupils in their democracy module.
- Presenting the process of developing the Local Outcome Improvement Plan to the Scottish Community Planning Network on 11th May.
- Identifying baseline data and measures for priorities Living Well, Keeping Safe and Money Matters themes.
- Working with the Improvement Service and Scottish Government who have selected 3 areas including East Lothian, for a deep dive with a focus on how the CPP's statutory partners are meeting their statutory duties around Community Planning.
