Health and Wellbeing Profile: A Snapshot of Musselburgh East & Carberry

July 2015

Musselburgh East & Carberry Health and Wellbeing Profile

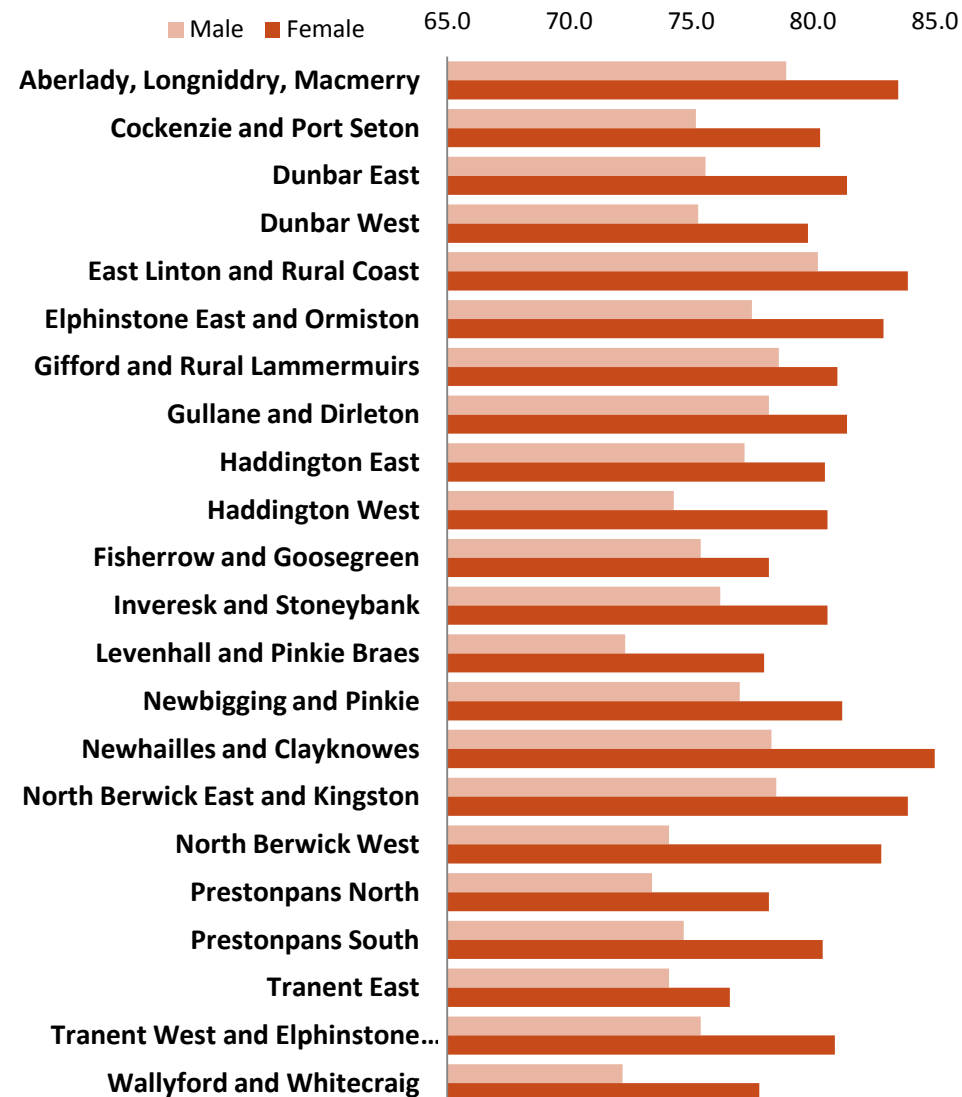

The Musselburgh East & Carberry Health and Wellbeing Profile has been created to compliment *Musselburgh by Numbers* and *East Lothian by Numbers*. These documents, and other ward profiles, can be found at www.eastlothian.gov.uk/statisticsanddata

This health and wellbeing profile contains a range of indicators and measures to show how health and wellbeing in Musselburgh East & Carberry compares to East Lothian and Scotland.

It has been compiled with data provided for the East Lothian Partnership and Musselburgh Area Partnership by ScotPHO – the Scottish public health observatory – and other sources where stated. Where data is not available below local authority level, the indicator has been omitted from this publication. Please see www.scotpho.org.uk for further details.

Life expectancy at birth by intermediate zone and sex (NRS 2013).

| Domain | Indicator | | Period | Musselburgh East Measure | East Lothian Measure | Scotland Measure | Measure Type / Notes |
