Report to East Lothian Council – 12 March 2018  
Recommendations by Issue Number**

ISSUE	REPORTER'S RECOMMENDATION	REPORT PAGE NO
01. Introduction	<p>Modify the local development plan by:</p> <p>1. In paragraph 1.47, amending the second sentence to read:</p> <p>“The Central Scotland Green Network is also a National Development which extends into East Lothian.”</p> <p>2. In paragraph 1.47, amending the third sentence to read:</p> <p>“It is to help maintain the environmental quality of the area, tackle vacant and derelict land, and promote active travel and healthier lifestyles.”</p>	20
02. Spatial Strategy	No modifications.	53
03. Musselburgh Cluster	<p>Modify the local development plan by:</p> <p>1. Altering the text within PROP MH1: Land at Craighall, Musselburgh to comprise separate paragraphs as follows:</p> <p>“Land at Craighall is allocated for a mixed use development including 1,500 homes, around 41 ha employment land, a new local centre, a new primary school and community uses as well as infrastructure and associated works.</p> <p>Approximately 21ha of land to the north west of Queen Margaret University is allocated for economic uses that support the key sectors of learning, life sciences and food and drink. The servicing of this land will be enabled by housing development on other parts of the Craighall site and this will be a subject of a legal agreement associated with the entire site.</p>	129

	<p>The 55ha of land to the east of Millerhill Marshalling Yards between the freight rail loop and south of the A1 is allocated for mixed use development including circa 800 homes and around 20ha of employment land to which Policy EMP1 will apply: access to this land will be from the A1 via a modified junction with an underpass of the A1 at Queen Margaret Drive. This, in combination with existing bridges of the east coast rail line and rail freight loop, and bus access from land at Newcraighall and the transport network within the Craighall site, must significantly improve connections to the site and through it to the surrounding area, particularly for bus based public transport.</p> <p>Approximately 1.5ha of land to the north west of Queen Margaret University, south of Musselburgh Station, is safeguarded as part of this proposal for any future improvement of Musselburgh rail station, which shall become more accessible and able to be better served by bus as a result of the improved connections.</p> <p>The 21ha of land to the south of the A1 at Old Craighall is allocated for a mixed use, predominantly housing development which has capacity for circa 350 homes once sufficient land for the required local centre and primary school is identified.</p> <p>The 15ha of land to the east of Queen Margaret University and north of the A1 is allocated for housing and has capacity for circa 350 homes: access to these sites will be from the local road network.</p> <p>The 3ha of land to the north east of Queen Margaret University is allocated for mixed use development, potentially including housing and employment uses.</p> <p>A comprehensive masterplan for the entire allocated site that conforms to relevant Development Brief will be required as part of any planning application for the allocated land,</p>

	<p>accompanied by a single legal agreement for the entire allocated site. A Habitats Regulation Appraisal and if necessary Appropriate Assessment of the proposal will also be necessary, in accordance with Policy NH1 of this Plan. Any development here is subject to the mitigation of any development related impacts, including on a proportionate basis for any cumulative impacts with other proposals including on the transport network, on education and community facilities, and on air quality as appropriate.”</p> <p>2. Adding a new fourth sentence to PROP MH2 as follows: “The safeguarding of the setting of the category A listed Monkton House and category B listed Monkton Gardens should be a consideration in the development of a masterplan or proposals for this site.”</p> <p>3. In paragraph 2.36, adding the following sentence at the end: “A Flood Risk Assessment will be required for this site.”</p> <p>4. Deleting PROP MH13: Land at Howe Mire, Wallyford and the accompanying text in paragraphs 2.38, 2.39 and 2.40.</p> <p>5. In paragraph 2.45, inserting third and fourth sentences as follows: “Since they were previously allocated, these sites may be affected by legislative and regulatory changes, as well as identified changes to the physical environment including updated flood risk mapping. Up to date information, including flood risk assessment where necessary, will require to be submitted to ensure compliance with current legislation and the policy provisions of the plan.”</p> <p>6. 04. Prestonpans Cluster	<p>Modify the local development plan by:</p> <ol style="list-style-type: none"> <li>1. Deleting paragraph 2.51 and replacing it with the following text: <p>“National Planning Framework 3 recognises that the Cockenzie and Torness area is a potentially important energy hub and therefore Cockenzie is safeguarded as a site for future thermal generation. It is acknowledged within NPF3 that Cockenzie may present significant opportunities for renewable energy related investment. As a result, NPF3 expects developers, the council and the key agencies to work together to ensure that best use is made of the existing land and infrastructure in the area. In accordance with NPF3, given the particular assets of Cockenzie, the plan requires that if there is insufficient land for competing proposals, that priority is given to those which make the best use of Cockenzies assets and which will bring the greatest economic benefits.”</p> </li> <li>2. In paragraph 2.60, inserting the following sentence at the end: “A Flood Risk Assessment will be necessary for this site.”</li> <li>3. In paragraph 4.33, adding the following text as a new sentence at the end:</p> <p>“As part of Proposal T18 the council will explore the economic and regeneration case for a new junction, how this would need to be designed and its resultant impacts on safety and operational performance of the A1(T).”</p>	785
18e. Transport: Local Road Network	No modifications.	789
18f. Transport: Transport Infrastructure Delivery Fund	<p>Modify the local development plan by:</p> <p>1. In Policy T32, deleting reference to Transport Scotland in sentences three and four so that these sentences read:</p> <p>“Within this overall Transport Infrastructure Delivery Fund separate funds and accounts will be created, monitored and managed by the Council as appropriate for each of the infrastructure projects. Developer contributions will always be used by the Council as relevant to deliver the mitigation for which they were originally intended.”</p>	794

21. Wind Farm and Wind Turbine Development	<p>Modify the local development plan by:</p> <p>1. In the Energy Generation, Distribution and Transmission section of the plan, changing references to the “Habitats Directive” to “Habitats and Birds Directives”.</p> <p>2. Deleting paragraph 4.80.</p> <p>3. In paragraph 4.81, replacing the third sentence with the following:</p> <p>“The study finds that turbines over 42 metres in height to blade tip would have adverse landscape and visual impacts within the lowland landscapes of East Lothian. This consideration would form part of an overall planning assessment of any proposal.”</p> <p>4. Replacing the first sentence of Policy WD2 with the following:</p> <p>“Smaller scale wind turbine development includes all non-windfarm development, namely developments of 1 to 3 turbines of any height and developments of 4 or more turbines under 42 metres in height to blade tip.”</p> <p>5. Amending the first sentence of Policy WD3 as follows:</p> <p>“Applications for freestanding (as against roof-mounted or wall-mounted) wind turbine</p>	826

In paragraph 4.91, deleting the second and third sentences.</p> <p>3. In paragraph 4.93, replacing the second sentence with the following: “The council wishes to protect these assets as far as possible.”</p> <p>4. In paragraph 4.94, replacing the first sentence with the following: “There may be potential for intermediate proposals on the site, such as temporary greening.”</p> <p>5. Replacing Proposal EGT1 with the following: “PROP EGT1: Land at former Cockenzie Power Station</p> <p>Land at the above site will be safeguarded for future thermal power generation and carbon capture and storage consistent with National Development 3. Land at Cockenzie may also present significant opportunities for renewable energy-related investment. The council will work together with developers, the landowner, the relevant agencies, local organisations and interested parties, including local residents to ensure that the best use is made of the existing land and infrastructure in this area.</p> <p>If there is insufficient land for competing proposals, priority will be given to those which make best use of the location’s assets and which will bring the greatest economic benefits.</p>

A Minerals Technical Note published by SESplan in September 2011 acknowledged difficulties in estimating reserves of construction aggregates in the region, but concluded that the lower of its two estimates of permitted reserves of sand and gravel – 4.5 years supply - was more realistic, but that there was no shortfall in the landbank for hard rock. Since then, within East Lothian, an extension to the sand and gravel quarry at Longyester has been implemented and the permission at Skateraw has expired. If a shortfall of permitted reserves is demonstrated, the presumption against such development in Policy MIN5 may not apply, provided the preference to extend existing workings before opening new ones expressed in the policy and the provisions of other relevant plan policies can be satisfied. Any proposal for extraction of construction aggregates, including sand and gravel, will be assessed against Policies MIN5, MIN8, MIN9 and MIN10.”</p> <p>2. 28. Water, Floodrisk, Air Quality and Noise	<p>Modify the local development plan by:</p> <p>1. Replacing the second part of paragraph 6.29 (third, fourth, fifth and sixth sentences) commencing “A developed site...” with the following:</p> <p>“.....A development site must control and release runoff rates at greenfield rates over a range of rainfall events including the 1 in 30 year event and the 1 in 200 year event in agreement with East Lothian Council as flood prevention authority. This helps manage flood risk within the development site and also ensures there is no increase in flood risk to adjacent and downstream sites. The SEPA surface water flood map shows areas that may be subjected to ponding from either pluvial or sewer flooding and can be used to indicate areas where further assessments are required, such as a flood risk assessment. This map does not show flow path direction. Pre development flow paths through the site should be maintained after the completion of the development.”</p>	970
