Initial Agreement

Outline Business Case

Full Business Case

What is the need for change?

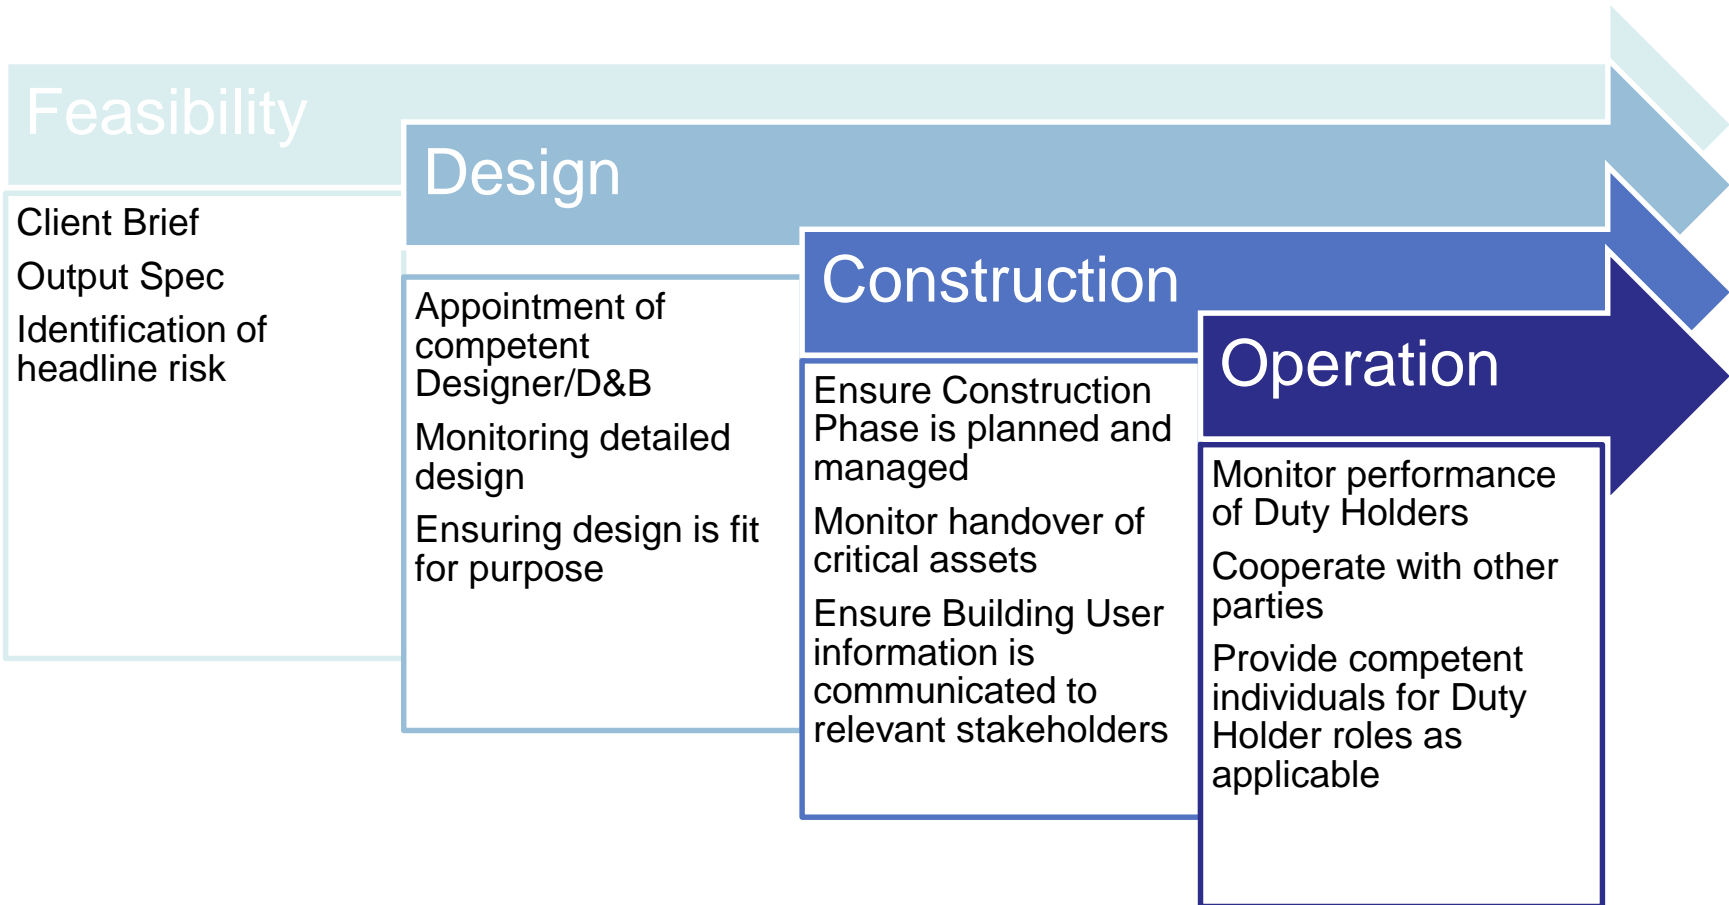

What benefits will be gained from addressing these needs?

How do these benefits link to NHSScotland's Strategic Investment Priorities?

What solution is being considered

Project Board

Lothian Capital Investment Group
Health and Social Care Partnership
NHS Lothian Finances & Resources
NHS Lothian Board
Scottish Government

The Idea

• Individual room

• Intimate space

• Communal space

• Central staffing

• Wider Connections

Provide calming creative spaces and focal points, helping to regulate mood, reduce anxiety and alleviate distress in patients.

Tranquil exterior and interior spaces for those who need them

Funding for feasibility in place
