

East Lothian Council

FOI Ref: 2018/178(13316)

I would be grateful if you could help. I am trying to find out the annual cost for publishing all types of road orders in the local press (both consultation and Order).

The current cost to have an advert placed in East Lothian Council's local newspaper is £391.26 plus vat. The annual cost is therefore dependant on the number of orders placed.

All of our Orders can be viewed on the Government's public information portal called [TellmeScotland](#)
