

East Lothian Council

EIR Ref: 2018/233(481624)

I'm emailing to enquire about whether East Lothian Council have planning fees for Shellfish farming and whether you charge for pre-application advice for this?

In respect of planning fees for Shellfish farming, East Lothian Council (ELC) would require further information on size, location, area to be covered etc.

ELC does not charge for pre-application advice.
