

# East Lothian Council

FOI Ref: 2018/510364

***The number of public space CCTV cameras in East Lothian.***

80 plus 115 public space CCTV cameras in PPP managed secondary schools and community facilities.

***The number of public space CCTV cameras currently not operational or recording***

13 plus one in a secondary school currently disabled during building works.

***The number of school CCTV cameras in East Lothian.***

Primary Schools – approximately 150  
Secondary Schools - 102

***The number of school CCTV cameras currently not operational or recording***

The Council has a term contract in place which covers servicing and maintenance of School CCTV systems. Therefore the number of cameras not recording at any given time would be minimal.

***The cost of maintaining CCTV cameras, both public space and in schools for 2016/17 and 2015/16***

During this period all Public Space and School/commercial CCTV was maintained under the same contract. Approximate 2015-2017 costs after extrapolation are: -

- Public Space £40k
- Primary Schools £20k

Secondary schools are part of the PPP estate and there is no maintenance cost.
