FOI Ref: 2018/541301

How many Childrens Residential Child Care Houses does the local Authority Operate?

Two

What is the overall capacity of residential child care places available to the Local Authority?

12

Please provide the definition that the Local Authority uses regarding a planned admission into the Local Authorities Children's Residential Child Care Houses.

A planned admission would come via referral to the Internal Provisions Panel.

There would be a pre-admission meeting and the young person would visit with a parent or carer and see around the house prior to admission and planned date of admission.

The young person would move into the house on agreed date.

With regard to your Childrens Residential Child Care Houses, how many Children resided with your houses on the 27th of August 2018.

13 with notification to Care Inspectorate

With regard to the number that you have provided and by using your defenition of a planned admission, how many of the young people admitted into your Childrens Residential Child Care Houses were admitted on a planned basis?

Three
