I wish to submit a request to the organisation around their hosting contract with 3rd party suppliers.

The type of contract I wish to see is below:

1. Dedicated hosting- Managed environment
2. Co-Location- hosting allows a business to still own their own server equipment; however, instead of storing it in their own data centre, they instead are able to store it in rented space in a colocation hosting centre.
3. Cloud Hosting- [Cloud hosting services](#) provide hosting for websites on virtual servers, which pull their computing resource from extensive underlying networks of physical web servers.

Not all of these will be applicable to the organisation.

For the different types of hosting services, can you provide me with the following information:

1. Type of hosting – Dedicated, Co-Location, Cloud Hosting, Other? **Dedicated**
