

East Lothian Council

FOI Ref: 2018/545921

I am writing to request information under the Freedom of Information (Scotland) Act 2005 on any statistics or records you hold on assaults on workforce that have occurred in the course of their employment between July 2017 – or July 2018 (or as near to these dates as you have records for)

This will enable us to assess whether there has been any change in the number of assaults reported and whether the method of collation of such statistics has improved.

Whilst we are primarily seeking information on the number of assaults on staff. Any breakdown of that information such as the nature of the assault the category of worker (job title, area of work etc) would also be helpful.
