

Support to increase your family income

**Are you a working parent
struggling to make ends meet?**

**Are you a parent trying to take
those first steps back into work?**

**Would you like support to do a
qualification or further learning?**

If you say yes to any of the above questions, and have the time and commitment to make a change, the Parental Employability Support Fund may be able to help you.

Can you tick one of the following boxes?

- Lone parent
- Disabled parent/parent with disabled child
- Parent of 3 or more children
- Parent from an ethnic minority
- Parent with a child under 1 years old
- Parent under 25 years old

If one of the above family groupings applies to you, you could be eligible for help and support.

The Parental Employability Support Fund is a new Scottish Government funded programme providing support to working and non-working parents to increase their family income.

What we offer

- ✓ Help to understand welfare benefits and how to maximise your household income
- ✓ Support to explore possible career paths and work towards an employment goal
- ✓ Work experience opportunities
- ✓ The opportunity to gain formal training and/or qualifications in order to strengthen your employment prospects, progress in your current role or move to a new area of work
- ✓ One to one employability support until you reach your goal
