Subject: RE: Follow up to meeting

Hi all

From the meeting we should expect:

- All historic and current risk assessments
- Personal Plans/All About Me
this will include RAs and evidence of strategies put in place over time and how these have been evaluated to inform next steps for As the company
- Evidence that their statement to families has been sent out clearly stating that ELC has not withdrawn funding for children with ASN. Their original communication could bring the council into disrepute.

I think this was all at this point as the rest will fall for Church Street and requirements from IMT. All further thoughts welcome.

Thanks

Warmest regards

Thanks – good point re risk assessments.

– could you pull together a complete list of what we need to provide and what we are asking for please?

Kind regards,

A list of any documents/paperwork that the Council requested but not provided by Pear Tree, e.g. risk assessments etc.?

Thanks

Importance: High

Folks

Just thinking we should really follow up asap with on the things said would send us yesterday and also on anything we were going to send The things I have noted are:

- The date the parents visited Meadowpark
- The updated statement to parents on ASN

We were going to check to see if the word expelled had been used and share that with

Was there anything else?

Kind regards,
