Value of work and fee income significantly up on previous quarter and although number of building warrant / amendment's also up slightly, taking into account external economic factor this would indicate an overall increase in the number of larger value and therefore more complex projects which are more resource intensive. Comments We are delivering a better service in terms of KPO's than previous years due to increased staffing levels and internal improvements, the downside of continuous improvement to achieve targets in recently returned Quarterly KPO's however does bring its challenges in maintain those higher standards therefore further work to be done
