mentioned the dates yesterday after our catch up. What we are not clear about is the contract parents have with the settings. We always understood this to be 4 weeks notice but because of their admin situation this is becoming quite muddy. I think some parents told a month other told no notice when reducing attendance. It seems the admin is really struggling as the previous owners dealt with most of this.

- you have more info on this have I captured this ?

Thanks for this. I too agree with the letter and passing it on to . I am suggesting that we move the date funding ends from 30th September to Friday 7th October. This will allow children to start in settings prior to the start of the October break.

Many thanks

Warmest regards

Thanks [redacted] agreed that we should send the documents over to [redacted] along with the letter to the parents and our comments on the petition. I'll do that once you have reviewed the letter.

Thanks

Thank you for reviewing these and updating them. I agree with all of the changes and would suggest that we remove the text in yellow that you have highlighted below.

What does everyone think about the date we would fund until? I think we need to move beyond 30 Sept to give parents 4 weeks but looking to [redacted] and [redacted] to confirm if that would cause an issue?

I will review the parent letter this morning and send round too.

I would suggest we also share these communications with [redacted] et al for our meeting on Monday.

Kind regards,
