Rebranding of East Lothian Community Planning Partnership and Board

What we've undertaken

- Following feedback from the self-assessment last year which identified the need for a clearer partnership identity, the ELC communications team has worked with the Partnership. They provided two new branding options, including logo and tagline. We asked members of the Board to vote and provide feedback and the above design was chosen with the tag line – **Working together to promote healthy, safe communities and reduce poverty.**
- The Officers Group has continued to refine and finalise logic models, 1 to 3 year actions and 10 year impact for the new Local Outcome Improvement Plan under the three themes; Living Well, Keeping Safe and Money Matters
- The plan's actions and the engagement process were examined at the final Combined Integrated Impact Assessment (IIA) and Children's Rights and Wellbeing Impact Assessment. Comments and changes suggested at this session will be taken to the Officers' Group on 11th February. The final paperwork will be available on the website. <https://www.eastlothian.gov.uk/community-planning>
- Area Partnership, ELTRP and AELCC Chairs met with Laurence Rockey and officers working on the plan to discuss the improvement plan underway, any additional actions required and to receive an update on progress. From this, consistent representation of community groups at the Board will be coordinated.
