**REPORT TO:** Members' Library Service

**MEETING DATE:**

**BY:** Depute Chief Executive – Partnerships and Community Services

**SUBJECT:** North Berwick Harbour – Galloway's Pier Refurbishment

---

## **1 PURPOSE**

- 1.1 To inform Members of the steps taken to procure the above Flooding & Coastal Protection contract.

## **2 RECOMMENDATIONS**

- 2.1 That Members note the award of the above work to Anderson Group Limited.

## **3 BACKGROUND**

- 3.1 The Old Pier (Galloway's Pier) at North Berwick Harbour is utilised by commercial craft to berth when the tide level is too low to enter the harbour.
- 3.2 There is significant undercutting of the pier below the low water level, identified during recent dive surveys, which requires urgent remedial works.
- 3.3 SESTRANS are contributing to the project in order to improve the berthing access. The area of the pier is being increased for an additional berth on the south side of the pier to provide protection from a north-easterly swell and the height of the pier is being increased to allow berthing for a greater period either side of low tide.
- 3.4 The pier refurbishment involves Installation of a permanent steel sheet piled curtain surrounding the pier wall and backfilling the gap with mass concrete.

- 3.5 CH2MHill Halcrow was engaged under the Scotland Excel Consultancy Services Framework as the designer and Project Manager for the works.
- 3.6 The works were tendered in accordance with the Council's Corporate Procurement Procedures using the *www.publiccontractsscotland.gov.uk* website.
- 3.7 2 contractors returned tenders.

| <b>Contractor</b>              | <b>Corrected Tender Total</b> |
|--------------------------------|-------------------------------|
| Anderson Grp Limited           | £488,288.00                   |
| Southbay Civil Engineering Ltd | £855,767.33                   |
