#### 1 PURPOSE

1.1 The purpose of this report is to provide Cabinet with an overview of Council house completions and projected completions over the ten year period 2007 – 2017.

## 2 **RECOMMENDATIONS**

2.1 It is recommended that Cabinet note the contents of this report.

## 3 BACKGROUND

- 3.1 At its meeting on 14<sup>th</sup> June 2016, Cabinet requested that a report be brought forward to its next meeting setting out council house completions and projected completions.
- 3.2 Two sets of figures are set out in Appendix 1 in relation to new build council house completions. The figures come from two separate sources statistical reporting to the Scottish Government by the Council (NB1) and statistics compiled to report Local Housing Strategy progress in increasing the supply of affordable housing. The two sets of figures are compiled in different ways, hence the difference between the two.
- 3.3 In 2016/17, it is anticipated that there will be 83 new build council house completions.
- 3.4 Appendix 2 sets out total affordable housing new build completions over the ten year period from 2007/08 to 2016/17 which totals 1330. This includes provision by the council, housing associations and private housing developers.

- 3.5 Appendix 3 sets out the detail of projects delivered during this 10 year period.
- 3.6 There are many variables which contribute significantly to the delivery timeline of affordable housing units including new build council housing. These include, but are not limited to:
  - Land ownership
  - Planning process
  - Level and timing of subsidy
  - Infrastructure constraints
  - Land values
  - Economic stability
