Subject: FW: Pleached 1.8 stem 1.2 x 1 screen Malus Evereste

Evidence of intention to purchase 7 Malus Evereste and 1 native oak. This is in addition to all the other trees we have planted - which can be inspected on a site visit.

Go for the 14/16 model. I assume 1.8M stem, then the screen 1M high and 1.2M wide?
Plus one native oak - the 3 M tree - what is the girth?

Dog roses - are they really the ones you find in hedgerows - usually pink or white?

Nearly there.

Ta v m,

Andrew

Hi Andrew

Herewith a field picture of the 14/16 model.

The 12/14 is currently no picture available as they are fresh pleached but is only one size up from the 10-12 so slightly bigger measured around the stem.

Kind regards

James

I really need to see the pics of the 14/16 (£350 each) and the 12/14 (£285 each).

Then I an decide.

Many thanks,

A

Hi Andrew

Herewith a picture of bigger size trees .

Model as per above picture:

18/20 girth at 425,00 each
14/16 girth at 350,00 each

Model as per previous picture :

12/14 girth at 285,00 each
10/12 girth at 240,00 each (picture send before)

All are root balled now as it is the root ball season.

Kind regards

James

James,

Good to talk.

Pl send picture and price confirmation including delivery to Orchard House, Tweeddale Avenue , GIFFORD, East Lothian, EH41 4 QN . I need 7 trees.

Also need one 3-5 metre English native oak.

Kindly let me know. (And what about Dog Roses? For a hawthorn hedge.)

Ta v m,

A

Fiona - I have decided to go for the Malus Evereste Pleached. Photo attached. Super blossom in spring, good leaf in summer and then berries in the autumn. Will be good to look at and create excellent screening.

Best wishes,

Andrew hamilton
