REPORT TO: Members' Library Service
MEETING DATE: November 2019
BY: Head of Council Resources
SUBJECT: Quarterly Customer Feedback Reporting

1 PURPOSE

- 1.1 To provide members with quarterly Customer Feedback reporting noting improvements made to ensure compliance with the Scottish Public Services Ombudsman (SPSO) reporting requirements in publishing data for performance indicators on a quarterly basis.

2 RECOMMENDATIONS

- 2.1 To note the contents of the report, namely Appendix 1 containing complaints reporting for 1st July 2019 to 30th September 2019.

3 BACKGROUND

- 3.1 East Lothian Council currently complies with the model complaints handling procedure (CHP) for local authorities introduced by the Scottish Public Services Ombudsman (SPSO):
- Stage 1 (Frontline Resolution) - Complaint dealt with at point of service within 5 working days
 - Stage 2 (Investigation) – Complaint investigated; acknowledged within 3 working days and response provided within 20 working days
 - If complainants remain dissatisfied after completing this process they have a legal right of appeal to the SPSO.
- 3.2 Customer feedback is recorded on the Council's Customer Relationship Management system (CRM), which provides data on the types of complaints customers make about Council services, as well as complaint handling performance. This system also records comments and compliments from customers.
- 3.3 Feedback is formally channelled through the Contact Centre, local area offices and the Customer Feedback Team to ensure accurate recording and reporting. Service areas are actively encouraged to report complaints through the formal reporting channels where feedback is received directly to them.

- 3.4 The SPSO has developed performance indicators that allow the Council to assess and demonstrate how they are carrying out their functions.
- 3.5 The SPSO requires that the Council reports on these performance indicators on a quarterly basis and that the Council's performance is published on the Council's website. A new complaints performance document has now been produced and published on the council's website detailing ELC quarterly complaints data for Q1 making ELC compliant in regards to SPSO guidelines around publishing.
- 3.6 The required quarterly reporting on the SPSO performance indicators has now been adopted as part of the Council's standard reporting mechanism for Complaint Handling. Annual reporting and trends is available for viewing in the PPRC report:
https://www.eastlothian.gov.uk/download/meetings/id/19839/05_customer_feedback_report_2019
- 3.7 This report highlights performance in Q2 2019 (1st July 2019 to 30th September 2019). Section 7 highlights changes that are still in discussion for customer satisfaction surveys.
- Customer Feedback will publish findings in accordance with SPSO performance requirements.

1. The total number of complaints received per thousand of the population.

This indicator gives the total number of complaints received by the Council. The *National Records of Scotland Mid-Year Estimates 2016* gives the population of the Council area to be approximately 105,790.

Period	Total Stage 1	Stage 1 escalated to Stage 2	Stage 2 complaints	Complaints per head of population
1 st July 2019 to 30 th September 2019	238	11	9	2.3%

2. Complaints closed at Stage 1 and Stage 2 as a percentage of all complaints closed.

The term “closed” refers to a complaint to which a customer has had a response and no further action is required.

1 st July 2019 to 30 th September 2019	267	94%	2.2%

*Totals will not match as not all complaints are closed in the same quarter as in which they are received.

3. The number of complaints upheld, partially upheld or not upheld at each stage as a percentage of complaints closed in full at each stage.

Stage 1 outcomes

Period	Total Stage 1	% Not Upheld	% Partially Upheld	% Upheld

4. The average time, in working days, for a full response to complaints at each stage.

This indicator represents the average time in working days to close complaints at Stage 1 and at Stage 2. SPSO procedures specify Stage 1 complaints to be resolved within 5 working days and Stage 2 complaints to be resolved within 20 working days.

Stage 1

Period	Days taken to resolve Stage 1	Total number of Stage 1 complaints closed	Average time to resolve Stage 1

6. The number and percentage of complaints, at each stage, where an extension to the 5 or 20 working days timeline has been authorised.

The Council's CHP allows for an extension to the timescales to be authorised in certain circumstances. An example would be where a key member of staff is on annual leave or when during school holidays.

Stage 1

Period	# of complaints closed	# of complaints closed where an extension had been authorised	# of complaints closed where an extension had been authorised as % of all complaints closed
1 st July 2019 to 30 th September 2019	250	92	37%

7. A statement to report customer satisfaction with the complaints service.

The SPSO are still discussing introducing a set of standard questions for all local authorities to use to in customer satisfaction surveys. This is with a view to allow for meaningful benchmarking. It is yet to be established if a new process on survey usage will also be introduced. Once this has been established Customer Feedback will look to progress reintroducing the customer satisfaction survey. The SPSO have advised that the new standard questions will be shared late summer 2019.

8. A statement outlining changes or improvements, to services or procedures, as a result of the consideration of complaints.

This qualitative indicator is intended to identify service improvements/learnings from complaints that were derived from complaints during the reporting period.

There are none to report for this quarter.
