This risk register examines the risks that impact on the business of the IJB itself and not the operational risks that the IJB's partners manage unless those risks are considered so significant that they could impact on the business of the IJB – that is impact on the ability of the IJB to deliver its strategic plan.
- 3.2 The current version of the risk register is attached. Members are asked to consider if there are additional risks that require to be added to the register and consider if the management actions identified against these current risks provide assurance that these risks are being appropriately managed.

#### 4 ENGAGEMENT

4.1 The IJB makes its papers and reports available on the internet.

# 5 POLICY IMPLICATIONS
