Further information may be required by one or a combination of procedures, such as: written submissions; the holding of one or more hearing sessions and/or inspecting the land which is the subject of the review case.

Please indicate what procedure (or combination of procedures) you think is most appropriate for the handling of your review. You may tick more than one box if you wish the review to be conducted by a combination of procedures.

- Further written submissions
- One or more hearing sessions
- Site inspection
- Assessment of review documents only, with no further procedure

If you have marked either of the first 2 options, please explain here which of the matters (as set out in your statement below) you believe ought to be subject of that procedure, and why you consider further submissions or a hearing necessary.

7. Site inspection

In the event that the Local Review Body decides to inspect the review site, in your opinion:

- Can the site be viewed entirely from public land?
- Is it possible for the site to be accessed safely, and without barriers to entry?

If there are reasons why you think the Local Review Body would be unable to undertake an unaccompanied site inspection, please explain here:

The land is within my property, the entrance to the land in discussion is via a gate
At the driveway side of the property

8. Statement

You must state, in full, why you are seeking a review on your application. Your statement must set out all matters you consider require to be taken into account in determining your review. Note: you may not have a further opportunity to add to your statement of review at a later date. It is therefore essential that you submit with your notice of review, all necessary information and evidence that you rely on and wish the Local Review Body to consider as part of your review.

If the Local Review Body issues a notice requesting further information from any other person or body, you will have a period of 14 days in which to comment on any additional matter which has been raised by that person or body.

State here the reasons for your notice of review and all matters you wish to raise. If necessary, this can be continued or provided in full in a separate document. You may also submit additional documentation with this form.

As per our title deeds it does not state the land in question must be used as an open space. When purchasing the property we were not given a development plan detailing which areas of land were classed as open space throughout the development.

The Fence as per the government website meets the permitted development rules (does not exceed 2 meters in height).

In regards to the summer house, referring to the permitted development legislation, All structural requirements are met with the height of 2.5 metres not being exceeded and no larger than 50% of the garden.

Have you raised any matters which were not before the appointed officer at the time your application was determined?

Yes No

If yes, please explain below a) why your are raising new material b) why it was not raised with the appointed officer before your application was determined and c) why you believe it should now be considered with your review.
