6. Review procedure

The Local Review Body will decide on the procedure to be used to determine your review and may at any time during the review process require that further information or representations be made to enable them to determine the review. Further information may be required by one or a combination of procedures, such as: written submissions; the holding of one or more hearing sessions and/or inspecting the land which is the subject of the review case.

Please indicate what procedure (or combination of procedures) you think is most appropriate for the handling of your review. You may tick more than one box if you wish the review to be conducted by a combination of procedures.

- Further written submissions
- One or more hearing sessions
- Site inspection
- Assessment of review documents only, with no further procedure

If you have marked either of the first 2 options, please explain here which of the matters (as set out in your statement below) you believe ought to be subject of that procedure, and why you consider further submissions or a hearing necessary.

7. Site inspection

In the event that the Local Review Body decides to inspect the review site, in your opinion:

- Can the site be viewed entirely from public land?
- Is it possible for the site to be accessed safely, and without barriers to entry?

If there are reasons why you think the Local Review Body would be unable to undertake an unaccompanied site inspection, please explain here:

The site should be viewed from both sides to see what is proposed. This can be done once the dog is shut out of the way.

8. Statement

You must state, in full, why you are seeking a review on your application. Your statement must set out all matters you consider require to be taken into account in determining your review. Note: you may not have a further opportunity to add to your statement of review at a later date. It is therefore essential that you submit with your notice of review, all necessary information and evidence that you rely on and wish the Local Review Body to consider as part of your review.

If the Local Review Body issues a notice requesting further information from any other person or body, you will have a period of 14 days in which to comment on any additional matter which has been raised by that person or body.

State here the reasons for your notice of review and all matters you wish to raise. If necessary, this can be continued or provided in full in a separate document. You may also submit additional documentation with this form.

I have taken down a hedge which was higher than the street lights and have planted a laurel hedge between the fence and the wall i have also planted jasmine clematis and other climbing plants which will tumble over the top of the fence many other climbers are at present on hold awaiting the outcome of this appeal. I do not think the planners have taken any account of the screening which has been put in place. Not one person has objected about the fence in fact my neighbours are delighted at the improvement it has made to their outlook and are able to sit in the sun which before was blocked out.

The planning department on their communications state IF YOU REQUIRE A MEETING PHONE [REDACTED] TO ARRANGE A MUTUALLY AGREEABLE TIME. That is a complete joke i have had more luck speaking to some one through a spiritualist. The only direct contact with someone from planning was very upsetting for my wife, she saw a young man in glasses and wearing a baseball cap leaning over the wall with a camera taking photos of the house he had no visible I D on show when challenged ,his reply was i am from planning you should have expected someone to call,when asked why did he not phone E mail or ring the bell, he said i dont have time for all that it was also pointed out to him that this is also a means used by people to steal dogs and break into houses reply i never thought of that. By putting my wife in a state of fear and alarm this constitutes a breach of the peace. This behavior could have serious consequences what if the person has a heart condition.

Have you raised any matters which were not before the appointed officer at the time your application was determined? Yes No

If yes, please explain below a) why your are raising new material b) why it was not raised with the appointed officer before your application was determined and c) why you believe it should now be considered with your review.

I am raising my concerns about the behaviour of the planning officer and how it may affect other people. I am concerned that challenging the officers behaviour may have had an adverse effect on the decision.

9. List of Documents and Evidence

Please provide a list of all supporting documents, materials and evidence which you wish to submit with your notice of review
