

REPORT TO:	East Lothian Council
MEETING DATE:	29 August 2023
BY:	Chief Executive
SUBJECT:	Corporate Risk Register 2023-24

1 PURPOSE

- 1.1 The Corporate Risk Register was last reported to Council in December 2022 as well as being reported to both Cabinet and Audit & Governance Committee in June 2023. Within the context of developing international, national and local risks impacting on delivery of Council services and local communities, the Corporate Risk Register, although live, is being reported to Council given the continued substantial levels of heightened risk.
- 1.2 The significant economic factors driving increased financial pressures and risks for the Council have been incorporated into the relevant risks across the Corporate Risk Register. Any further risk developments impacting on the Council in the period from 14 August 2023 will be reported verbally at Council in presentation of this report.

2 **RECOMMENDATIONS**

- 2.1 It is recommended that Council approves the Corporate Risk Register and in doing so, the Council is asked to approve that:
 - The Corporate Risk Register is maintained as a 'live' document which will be reviewed by the Council Management Team (CMT), the CMT subgroup on Risk Management, Service Management Teams (SMT), risk owners and the Corporate Risk Management Group on a regular basis and reported back to Council as and when required;
 - agree that the relevant risks have been identified;
 - agree that the significance of each risk is appropriate to the current nature of the risk;

- agree that the total profile of corporate risk can be borne by the Council at this time in relation to the Council's appetite for risk but in the context of the planned mitigations; and,
- recognise that, although while Corporate Risks require close monitoring and scrutiny over the next year, many are long term risks for the Council that are likely to be a feature of the risk register over a number of years.

3 BACKGROUND

- 3.1 In keeping with the Council's Risk Management Strategy and reflecting upon the concurrent and constantly changing nature of risks managed by the Council, the Corporate Risk Register, although live, is being reported to Council given the continued substantial levels of heightened risk. The Corporate Risk Register takes into account the international, national and local risk factors impacting on the delivery of Council services and is also informed by the impacts of business continuity arrangements currently deployed in some services across Council.
- 3.2 The 2023-24 Corporate Risk Register as at 14 August 2023, currently includes 7 Very High Risks, 6 High Risks, 7 Medium Risks and 1 Low Risk.
- 3.3 CMT have assembled a sub-group on Risk Management which meets on a bimonthly basis to monitor and drive Risk Management council-wide and to review the Corporate Risk Register. This group includes the Executive Directors and ensures that Risk is given prominence by CMT.
- 3.4 Risk CR1 on 'Managing the Financial Environment' now has an increased residual risk score, rising from 20 to 25 (this is the highest risk scoring the Council has reported hitherto), due to the very significant external pressures the Council is facing, including rising utility and energy costs, an increasing and significant range of external and inflationary cost and demand pressures, significant increased cost of borrowing and consequences of national pay awards.
- 3.5 Risk CR2 on Maintenance of Assets now has an increased current score, increasing from 20 to 25 and an increased residual score, from 16 to 20, due to identification of RACC / Siporex issues in key operational buildings and subsequent costs.
- 3.6 Risk CR11, The Impact of the National Care Service on East Lothian Council has seen its current score reduce from 20 to 15 and the residual score from 20 to 12 due to recent announcements from Scottish Government.
- 3.7 Risk CR15, Communicable Disease Outbreaks of Public Health Significance, has also seen a reduction in current score from 12 to 9 and residual from 9 to 6 due to their being no significant national covid-related public health alerts now the vaccine has been fully rolled out.
- 3.8 The Council remains in emergency response with business continuity plans invoked within nine council services at the time of this report which are Facilities, Estates, Legal, Housing, Waste, Finance, Children's Services

(Support & Intervention), Engineering Services and Sport, Countryside & Leisure (Forestry Team). These services' Business Continuity Plans are invoked predominantly in response to staffing pressure arising from a very challenged employment market and limited volume and calibre of response to recruitment campaigns. Activation of Business Continuity Plans for these services results in the available staffing resource being deployed to deliver 'business critical' activities as priority.

- 3.9 Council can be reassured that CMT, it's Sub-Group, the Corporate Risk Management Group and it's Linking Risks Sub-Group, continue to closely monitor all Corporate Risks. Management of our risk environment is informed by global and national risks, via the annual Global Risk Report produced by the World Economic Forum in January each year, by the Scottish Government's National Risk Assessment (NRA) and the UK National Risk Register which are produced annually. Every effort is made to ensure that the Corporate Risk Register reflects current and future risks with appropriate mitigations in place.
- 3.10 The Council's Corporate Risk Strategy is reviewed annually and was reported to Cabinet on 14 March 2023.

4 POLICY IMPLICATIONS

4.1 In approving this report, the Council will be ensuring that risk management principles, as detailed in the Corporate Risk Management Strategy, are embedded across the Council.

5 INTEGRATED IMPACT ASSESSMENT

5.1 The subject of this report does not affect the wellbeing of the community or have a significant impact on equality, the environment or economy.

6 **RESOURCE IMPLICATIONS**

- 6.1 Financial –The financial impact of the corporate risks and mitigation measures remain under close monitoring and review, aligned with the Council's Financial Strategy. Any unplanned and unbudgeted costs that arise in relation to any of the corporate risks identified will be subject to review by the Council Management Team, and if required will be reported to Council.
- 6.2 Personnel There are no immediate implications impacting on the administration and oversight of the Corporate Risk Strategy and Framework.
- 6.3 Other Effective implementation of this register will require the support and commitment of the risk owners identified within the register.

7 BACKGROUND PAPERS

7.1 Appendix 1 – Corporate Risk Register 2023-24 v2

ELC CR 1	Financial	Managing the Financial Environment										
	Service Objectives	 The Council is operating in the most challenging and complex financial operating environment it has ever faced. There remains significant immediate and future external cost and demand pressures being placed on the Council, which simply cannot be met within the resources which are now being made available. These include: The level of national funding being made available to this Council to deliver local services is now at an unsustainable level, and increasingly complex. An increasing proportion of funding being directed to support new policy and legislative requirements and lack of flexibility in how it can be used. The increasingly complex, national shortterm funding settlements create significant uncertainty and impede robust medium term financial planning and on-going sustainability. An increasing and significant range of external and inflationary cost and demand pressures including: High inflation with rising cost of goods and services; Significant challenges relating to high utility costs; Meeting the total recurring costs of public sector pay awards. There remains a significant and increasing challenge facing this Council in supporting the resource requirements associated with the delivery of the growth agenda resulting from the approved Local Development Plan, which is driven largely by national statutory planning. This includes financing of essential infrastructure, and in particularly the revenue consequences associated with growth; The Council is facing significant challenges in the affordability of supporting current and future infrastructure obligations. Higher interest rates resulting fin increased capital financing costs of construction in excess of approved budget levels; Increased gap between approved S75 contributions and cost of infrastructure aligned to growth, with the increased cost being placed on the Council to meet. There remain	 planning arrangements, which have recently been updated as part of the recent review of budget development framework. The budget development framework now incorporates a cross party budget working group, which meets regularly throughout the year to progress budget development options. The Council annually refreshes the Financial Strategy, Capital Strategy and Treasury Management Strategy to take cognisance of any new / emerging financial risks. These documents support the medium term financial planning for the organisation. The Council has approved an enhanced reserves strategy, which sets out the current level of reserves and associated commitments, including a requirement to maintain a minimum level of uncommitted reserves to support any unforeseen event. The Council has a wide range of on-going cost control and financial management arrangements to manage in year budget performance and delivery of planned efficiencies. This includes regular management information to CMT and wider Council management, and quarterly financial reporting through political governance. This provides mitigating controls in terms of the immediate financial risk and pressures the Council is faced with. Given the scale of the escalating levels of financial risk and pressures, the Council has already agreed to control measures aimed at mitigating and limiting the scale of these rising costs. Council officers will continue to progress the delivery of planned efficiency savings aligned to Council decisions. The Council Leader has also written to UK and Scottish Government setting out the scale of financial challenges and urgent review on how local government is funded. In addition, the Council Leader has written to the Scottish Government to seek an urgent conversation about the financial implications facing this Council aligned to population growth and in particularly supporting national statutory requirements. This meeting has now been scheduled to take plac	5	5	25	 Given the scale of the current financial challenge, a further targeted range of urgent cost control mitigation measures will be considered by Council in August. Given significant concerns relating to the on-going affordability of the Capital Programme, officers will bring forward a wider review of the capital programme to Council in October. Continue to support national discussions through CIPFA Directors of Finance aligned to ensuring the on-going financial sustainability of local government. Accelerate the delivery of an enhanced Transformational Programme and Asset Review aligned to the approved budget development principles, which will support the further transformation of services and deliver and enhanced programme of efficiencies. Continued engagement with Scottish Government and COSLA on local government funding and distribution to support a fair and adequate allocation of resources to deliver local services. Given the significant scale of the funding gap, work with CMT and elected members to accelerate, develop and implement additional budget savings proposals, which will also include budget and service reductions and income generation opportunities aligned to the meet the scale of the funding gap over the medium term. These budget savings options will remain aligned to the principles of the budget development framework. Continue to engage with Scottish Government and COSLA to adequately resource the funding requirements associated with growth arising from the Local Development Plan, taking into consideration both revenue and capital costs. Seek urgent national agreement with DFM for additional place based revenue funding for East Lothian. 	5	5	25	Actions ongoing and under continuous review while monitoring arrangements will continue to be applied.	Risk reviewed by Head of Finance and Executive Director Council Resources, August 2023 with residual score increased to 25 given the scale of the current financial challenge. Risk refreshed November 2022 by CMT Sub- Group on Corporate Risks with current score increased from 20 to 25 and residual from 16 to 20 due to the current climate.

			financial performance against approved budgets. The Charging Policy has been refreshed and agreed by Cabinet, and supports the recovery of costs associated with the delivery of council services where the council has discretion to charge. Officers continue to engage in national discussions with COSLA, wider professional bodies such as CIPFA Directors of Finance and also wider professional commentators, and professional advisers to consider the financial sustainability of Local Government and associated challenges. On-going engagement with Treasury advisers with annual treasury indicators approved as part of Treasury Strategy and mid-year review against indicators reported through political governance structures of A&G Committee. On-going discussions with the IJB Chief Financial Officer and Chief Officer around the delivery of current planned efficiencies and future resource requirements									
CR 2	Financial	Maintenance of Assets Risk of insufficient staffing and financial resource to carry out repairs and maintenance programmes to ensure buildings are maintained in a good condition. Core Facts returns to The Scottish Government confirm that this is a risk, which requires to be addressed.	Annual update of programme of works based on Condition, Suitability and Statutory Compliance assessments to inform budget requirement. Building Surveyor now in post who will be working on accuracy of Asset Condition information.	5	5	25	Ensure Condition and other data is maintained up to date to inform the planned delivery of works required to ensure buildings comply with statutory and legal requirements and are maintained in a good condition. Identification of survey information currently required is ongoing.	4	5	20	All measures are ongoing and under constant review as to when they will be in place by.	Risk reviewed by Head of Infrastructure, June 2023 and scores increased from 20 and 16 to 25 & 20 due to ongoing RACC /

		A budgeted, programmed plan of work is required for all existing property assets to confirm how these will be improved from Condition C/D to B or maintained as Condition A/B for their lifetime. Significant additional financial and staff resource is required to achieve this. Failure to carry out repairs and maintenance programmes could result in unavailability of buildings e.g. school closure and reputational damage to the Council. Repairs and maintenance cost pressures and adoption of new facilities e.g. school extensions mean a real term reduction in resource and availability. This could ultimately result in a failure of building elements with the risk of closure or enforcement by Statutory or Regulatory authorities. Failure to carry our repairs and maintenance programmes could result in nijury/loss of life of public building users and legal action against the Council. There is also a high risk to health and safety and of reputational damage. The risks posed through the identification of RACC/Siporex and subsequent costs from the implications in respect of management, remediation and or total loss of assets. Fabric issues in property assets are now having serious operational and reputational consequences – Loch Centre, Brunton Hall, Preston Lodge High School are the major ones, but there are others impacting to a lesser extent. Reinforced Autoclaved Aerated Concrete (RAAC) The Local Government Association (LGA) has recently issued advice/warnings about Reinforced Autoclaved Aerated Concrete (RAAC), which is also known as Siporex. This material has been commonly used in Public Buildings between the 1960's and late 1980's. Due to the relative lightweight nature of the material and limited durability there has been a number of roof failures in the past and as a result East Lothian Council require to determine the extent and location of RAAC (Siporex) to our Public Buildings and then ensure a robust inspection process is undertaken to determine its condition, level of risk and undertake any action deemed necessary	 Team Manager – Property Asset Review now in place whose main function will be to look for opportunities to repurpose, dispose of, or rationalise assets. The Manager will also continue to look for opportunities to co-locate and share facilities to reduce the number of assets held by the Council. This work has been focused on the office rationalisation to date. A Project Initiation Document has been approved by the Executive Team and Asset Project Board, to progress a Place-Making Property Asset Review. Recruitment to two other posts in the Property Asset Review team was successful and officers are in post Reports to the Corporate Asset Group will highlight risks, which identify impact on the operation or safety of the assets to enable planned action to be considered and implemented. SFT SG revenue funding on new build schools. Ongoing review and update of programme of works based on Condition, Suitability and Statutory Compliance assessments to inform budget requirement. Management and survey work to identify RACC/Siporex. A Desktop Assessment has been carried out involving: Liaison with Officers to ascertain if they are aware of RAAC being present within any Public Building Assets. An initial review of ELC Asset Register to identify Buildings/Extensions constructed between the 1960's and the late 1980's when RAAC was widely used. Buildings/Extensions constructed out with this period can be excluded from a further assessment. Where As Built Drawings are available, these have been assessed to identify if RAAC has been specified. Information has been obtained from the Asset Register, Health & Safety Files, As Built Drawings, Microfiche Drawings & Condition Surveys. Visual inspections are being undertaken to determine the location/condition of RAAC, within Building Assets and where desktop Assessmen				 Surveys of RAAC elements is ongoing. Significant issues have been identified in several buildings with options appraisals being progressed to inform decision-making regarding remedial works. This is causing major disruption to service delivery. Looking at Lifecycle Costing as part of project/business plan and review on a project basis for future capital bids and budget setting. The service continues to regularly evaluate the current situation as regards material availability and works to mitigate any adverse effects of cancelled or delayed orders for this year's major summer works programme. Review and identify staffing resource required within SACPM, Education and Engineering Services. Service review ongoing. Comprehensive Learning Estate Review programme underway with pre-consultation about to commence. Delivery and implementation programme to be directly linked to school condition and suitability. This will be supplemented by a report to PPRC in relation to this risk for other assets. There is insufficient budget for the scope of work required. The Property Renewals Budget (circa £2m/annum) does not cover the maintenance required for the operational portfolio (circa £130/annum) is insufficient for maintenance and will severely limit improvements. Assess property estate against Scottish Government targets to address Climate Change. Plan programme of works to improve performance of buildings. A high level assessment, based on recent case study information prepared by City Of Edinburgh Council, has been carried out and the cost to achieve 'Net Zero' targets has been estimated as between £850million and £1billion for the Council property estate, Identification and management of assets affected by RACC and Siporex with option appraisals to identify remediation and or demolition and future provision. Surveys are well advanced and continuing and have already identified remedial works, some of which have been instructed. 					Siporex issues and subsequent costs. Risk reviewed by Head of Infrastructure, April 2023 with risks posed through the identification of RACC/Siporex and subsequent costs added. Risk also moved to Corporate Risk Register due to heightened issue. Current risk score increased from 16 to 20 and residual score from 12 to 16.

Risk	Risk			Assessmen	nt of Curr	ent Risk	Planned Risk Control Measures	[With pr	ent of Re Risk oposed co easures]		Timescale for Completion / Review Frequency	Evidence held of Regular Review
Ref.	Category	Risk Description	Existing Risk Control Measures	Likelihood	Impact	Total L x I		Likelihood	Impact	Total	-	
ELC	Impact on	Currently there is an uncertainty in relation to material availability and delivery times to carry out the major summer works programme. Assess property estate against Scottish Government targets and imminent changes to energy performance requirements to address Climate Change. Plan programme of works to improve performance of buildings. Significant additional finance commitment and staff resource is required to achieve this, assess the current status, and plan works to bring buildings up to the required standard. There is currently a risk in relation to the lifecycle, maintenance and repair of Council assets which are operated by children's services (i.e. Lothian Villa Meadowmill and Olivebank) The need to ensure school security is enhanced and aligned between the asset and educational practice.	Risk highlighted at ELC PPP Monthly Meetings and at Innovate Board Meetings. Areas requiring immediate action highlighted to Innovate, PPP Provider, inspections carried out and reports received. Transformational work progressing to move to a Corporate Landlord Model and a fully functional, comprehensive property asset management system, possibly by expanding the capability of the existing CIPFA modules held by Engineering Services and Finance. A cross-service Learning Estate review team is in place and carrying out a pre-consultation during 2021/22. Hub South East have been appointed by the Council to analyse the data and progress a Learning Estate Improvement Plan. Education and Strategic Asset Management teams work closely to analyse the data provided by Education and identify requirements arising as a direct result of proposed development. An enhanced and robust school roll projection and class organisation system is in place in Education, which determines the future capacity needs of schools. Regular review meetings are held between Education, Planning, Finance and Strategic Asset and Capital Plan Management. Property Inspectors and the Asset Team within Engineering Services identify priorities on a 3-year rolling programme and implement within available budgets. Work is prioritised on a risk management basis, addressing statutory compliance matters first (fire safety, electrical, safety DDA etc.). PPP Team and Engineering team to review and align work streams related to asset security with Educational operational requirements and practice.				Remedial works may involve installation of access hatches or similar to enable ongoing inspection by a structural engineer. However, it is anticipated that certain areas identified shall require replacement roofing works and significant resource & budget to address these findings. Formal notification of further inspections by consultant appointed by ELC has been issued to Innovate, PPP Provider. 'Discovery Survey' Inspections have been carried out in all eight PPP properties. Further investigation is required in a number of areas. Significant issues have been identified in Preston Lodge High School and mitigation is ongoing. Issues have also been identified at Ross High School – Further investigation is progressing to establish the required action Contingency plans are being prepared to mitigate restricted use or unavailability of parts of buildings following assessments. Council Management and Executive Team to be made aware of emergency planning proposals. Review on provision of the residential social care estate including contingency planning for re-provision of Lothian Villa (Meadowmill). The security of secondary school grounds will be reviewed with Education and will be prioritised in terms of risk and available capital and revenue budget. Work is ongoing. The security of primary school grounds will be reviewed with Education and will be prioritised in terms of risk and available capital and revenue budget.				December 2023	Risk updated by
CR 3	Service Objectives Financial Legal	New policy approach rapid rehousing requires the Council to transform homelessness services, place people quickly into permanent accommodation, negating the use of temporary accommodation and requiring a significant reduction in temporary accommodation stock. Resource allocation has been insufficient for service transformation and the approach has resulted in an inability to accommodate those in need, forcing use of non-contracted B&Bs / B&Bs out-with county. Scottish Government require the implementation of a Housing First approach as a key priority, although no funding is available for ongoing revenue costs.	 of advice. Continued monitoring of RSL nomination process (new build and routine turnover). Allocation Policy reduced number of offers for each Homeless applicant to 1, to encourage quicker throughput in temporary accommodation. Cabinet approved recommended actions to address pressures relating to a lack of affordable housing supply and address homelessness pressures through delivery of an agreed action plan. 	5	4	20	Transition Plan (RRTP) drafted Autumn 2022, with a clear plan to transform homelessness services by 2024 and kept under regular review in context of resource allocation and changing legislation. Continue new build activity to increase housing stock, exploring potential to further increase supply within context of the growth agenda. Significant growth in mid-market rent properties coming forward.	5	4	20	March 2024 March 2024 December 2023	Head of Housing and Service Manager - Comm Housing & Homelessness July 2023 with no changes to risk scores. Decision to move risk H1 to Corporate Risk Register following update by Service Manager – Comm Housing & Homelessness

Risk Ris	isk	Risk Description	Existing Risk Control Measures	Assessme	nt of Curr	ent Risk	Planned Risk Control Measures	[With pr	nent of Re Risk roposed co neasures]		Timescale for Completion / Review Frequency	Evidence held of Regular Review
Ref. Ca	ategory		Existing Risk Control Measures	Likelihood	Impact	Total		Likelihood	Impact	Total	-	
		Legislative change regarding local connection came into force on 29 th November and requires the Council to accept rehousing responsibility for additional homeless cases and future changes to discretion around intentionality and change in focus to deliberate manipulation of the system will place additional pressure on the Council in respect of accepting intentionally homeless cases and associated accommodation duties. Continued levels of low stock turnover results in limited lets available and longer average time spent in temporary accommodation. Scottish Housing Regulator has noted this. There is a higher financial cost burden for the general services budget due to increased costs as a result of a retendering exercise as well as increasing demand for temporary accommodation, which is likely to increase further in light of anticipated legislative change. Ongoing breaches of the Unsuitable Accommodation Order due to a shortage of 'suitable' temporary accommodation, with extension of the Order commencing October 2021 and subsequent daily breaches. Enforceable temporary accommodation standards framework to be implemented from 2021/22, which further reduces the existing portfolio of 'suitable' accommodation. Proposed changes to Homelessness Code of Guidance / new prevention duty pose further risk to existing practice / Homelessness Operations Policy, implementation will result in increased referrals and a percentage increase in homeless assessments. Reduced supply of private lets due to landlords' ongoing concerns re new Private Residential tenancy, legislative change (energy efficiency and repairing standard), welfare reform impacts and cost of living increase. Requirement to prioritise sisted eviction cases upon opening of Sheriff Court. This could also result in additional costs for increased temporary accommodation. Votential increase in service demand due to poverty and relationship breakdown associated with cost of living risis are likely to add pressure to the homeless team both in terms of staff and ac	Cabinet approval of allocations targets to general needs / homeless applicants. Performance to targets kept under ongoing review. Cabinet approval of Allocations Policy Review. Open Market Acquisitions increase supply prioritising the western part of the county, where demand is highest. Housing First protocol in place and placements ongoing. Significant work complete re policies and procedures to increase flow through the rent deposit scheme. Audit of existing accommodation undertaken in advance of extension to unsuitable accommodation order. Refreshed performance monitoring framework in place to enable improved ongoing monitoring of key aspects of service. Fortnightly monitoring of voids performance to ensure turnaround times are kept to a minimum. The Council Leader has written to the Minister noting the challenges around meeting our ambitions to deliver on our RRTP as a result of both recent and planned legislative changes, the impact of Ukraine and other Resettlement schemes and the risk that if interventions don't happen timeously the adverse impacts on our local housing system are significant. Housing Options team provide housing options advice to all clients and try to mitigate situations of eviction and discuss housing options to assist others. Government's Mortgage to Rent Scheme is available				 Housing Options Training Toolkit to be rolled out during 2022/23, to improve homelessness prevention and complement new Prevention Duty anticipated late 2023/24. Exploration of flat share / hosting models and shared tenancies ongoing, which could potentially make better use of existing stock. Revised Homelessness Operations Policy to be put in place, alongside comprehensive review of existing policies and procedures, to ensure service is operating efficiently and effectively. Improved partnership working with existing partners and neighbouring authorities could potentially result in new ways of working and economies of scale. New approach to spend to save, utilising RRTP resource allocation could result in cost savings re B&B spend. Continue to engage with the Scottish Government to review and monitor the impact of legislative changes and Resettlement Schemes are having on meeting RRTP ambitions to ensure any adverse impacts are addressed quickly. Significant work to improve void timescales could assist with improved flow through temporary / permanent accommodation. Project proposal for the clearance of the voids backlog in train. Consideration of business case/options appraisal in response to forthcoming legislative change. A new LHS is being drafted which will set out the challenges and actions for the next 5 years. A follow up letter has been sent to the new Housing Minister with a meeting arranged for August for further discussion and engagement asking for assistance to help alleviate some of these Housing Pressures. Ongoing review to convert tenancies to enable RRTP targets re reduction in temporary accommodation to be met. Increased focus on homelessness prevention of Prevention / Response trams. 				December 2023 December 2023 December 2023 December 2023 December 2023 October 2023 December 2023 December 2023 December 2023 December 2023	October 2022 with residual score increased from 16 to 20.

Risk	Risk			Assessme	nt of Curr	ent Risk	Planned Risk Control Measures		ent of Re Risk oposed co easures]		Timescale for Completion / Review Frequency	Evidence held of Regular Review
Ref.	Category	Risk Description	Existing Risk Control Measures	Likelihood	Impact	Total		Likelihood	Impact	Total		
		A focus is required on migrant homelessness and destitution in 2022/23, an area of complexity subject to limited Scottish Government flexibility. The Scottish Government aim to pursue a right to adequate housing through a Human Rights Bill, which will pose additional homelessness / supply pressures. Legislative change is likely to increase demand on homelessness services and corresponding duties to accommodate, meaning increased spend. There is increasing homelessness and housing demand pressure arising from a number of Resettlement schemes, mainly the Ukrainian refugee schemes with host arrangements breaking down early and ongoing pressure from a range of sources to carry out homeless assessments with associated temporary accommodation and ultimately permanent accommodation duties. These demands are likely to increase with further UK and Scottish Government commitments in respect of the disembarkation of the MS Victoria in Edinburgh which is due to disembark in July. There are also other humanitarian schemes including but not limited to the existing Afghan schemes and the forthcoming changes around the new asylum seeker dispersal scheme. The immediacy and fast paced change of the Ukraine crisis has required a refocus in priorities away from homelessness to Ukraine and this remains ongoing, requiring business continuity measures within the Housing Options Team. Diverted resources from across the wider housing service have resulted in service strain elsewhere including the Housing Options Team and Community Housing. The focus on Ukraine has resulted in an inability to prepare an updated RRTP in June 2022 with delays ongoing.					Team being strengthened and consolidated with the recruitment of full-time resettlement and tenancy support staff to allow 'borrowed' staff to resume to substantive duties - completion of this is dependent on clarity around existing and ongoing funding. Arrangements are in place to provide adequate staff cover in the meantime. The City Region is looking to take more of a regional holistic approach to reviewing and understanding the Housing pressures across the region, particularly in relation to Homelessness and Ukraine to help find a more joined up solution				December 2023	
ELC CR 4	Financial Service Objectives Legal & Regulatory	 Cost of Living Pressures and Economic Volatility Construction Materials Supply Chain Construction costs are now causing serious risk of non-delivery of key projects e.g. Blindwells, Craighall and Whitecraig Primary Schools, extension to Aberlady Primary School, after all mitigations have been applied. The construction materials market is currently volatile due to a number of factors including Brexit, the war in Ukraine and the Pandemic impact upon the production and supply chain. Current market uplift percentage is in the region of 15% - 20%. Moving forward we predict a quarterly uplift of 5 % over the next year. Current challenges include: Significant / unexpected upturn in worldwide workload Covid-19 recovery & logistical constraints Supply from the European Union Hedging and bulk ordering Increase in cost of raw materials – due to Covid-19, post-Brexit trading rules and rising oil prices Shortage of drivers of Heavy Goods Vehicles 	Regular discussions with current suppliers around market conditions, and alternative specifications / materials. Close engagement and monitoring of national frameworks and conditions through Scotland Excel. Prioritisation – deciding which works are essential, balancing time, cost and risk, possibly delaying works until the market settles. Planning – assessing project programmes and possible procurement options Reporting – providing information to funding bodies, Council management and other services Monitoring – Continuing to liaise with industry bodies, working groups, other local authorities, the Scottish Government, suppliers and contractors to keep the Council informed.	5	4	20	 On-going review of capital projects and plans exploring options for enhanced value engineering and prioritisation of specification and design parameters. Reviewing the opportunity to phase planned works rather than deliver wholesale projects. Consideration to delaying capital and revenue projects where appropriate and possible. Enhanced partnership working with HUB and major suppliers to enable pre ordering and project budget caps to be set - whilst this carries risk of increased front loaded costs used correctly it can cap risk and enable controlled project delivery. Consideration of enhanced contract payments to transfer risk to the private sector – by paying upfront to cap project risks of escalating costs from Covid and 	4	4	16	The risk and all planned measures are reviewed / progressed on a weekly basis. All actions ongoing and dependant on decisions taken by UK Government	Risk reviewed by CMT, June 2023 with no change to risk scores. New risk created by Executive Director – Place, November 2022 by combining elements of previous risks on Rising Energy Costs, Brexit and Supply/Cost of Materials.

Risk	Risk			Assessme	ent of Curr	ent Risk	Planned Risk Control Measures	[With pr	ent of Re Risk oposed co easures]		Timescale for Completion / Review Frequency	Evidence held of Regular Review
Ref.	Category	Risk Description	Existing Risk Control Measures	Likelihood L	Impact	Total		Likelihood L	Impact I	Total		
		 These challenges have had significant impacts on construction, including: Massive increase in demand is resulting in shortages on key products and placing strain on labour availability. During the pandemic manufacturing facilities were closed and the world's distribution network was impacted and is still recovering. Although there is now a trade agreement, the borders and customs, processes add administration, time and cost. Materials suppliers, main contractors and major UK projects (e.g. HS2) have stockpiled or bulk secured manufacturing and supply slots. High percentage increases in the cost of particular materials e.g. copper, steel, timber, concrete. The lead-in times for delivery of materials have increased. Shortages in components e.g. for mechanical, electrical and IT. In particular networking and specialised IT equipment, which can take up to 12 weeks to be delivered. The war has impacted on Ukrainian steel production. The main impacts are live project delays, delays to future projects, cost increases, contractors unable to submit fixed-price Tenders, higher risks for Contractors. The risks apply to capital and revenue-funded works for Property Roads Housebuilding generally Affordable housing programme Voids and relets Maintenance and lifecycle works in the operational / non-operational and learning estate and PPP Project. Maintenance and repairs Domestic compliance programmes Energy efficiency programmes Regeneration projects (including grant funded and delivered by others/communities) The maiority of all other procurement related purchasing is being impacted Risks have both financial and programme implications. Higher material and labour costs are not necessarily being reflected in the building cost indices (BCIS) used to vary building framework prices in line with Procurement					ELC considered the LIP submission to UK					
		Funding The end of European funding streams places service provision (business support and employability) at risk.	Prosperity Fund prospectus to replace previous EU funding arrangements. The council approved a Local Implementation Plan (LIP) for year 1 investment arrangements and awaits UK Government response.				Government for years 2 & 3 in February 2023. Work is ongoing to further develop regional interventions particularly in year 3.

		The labour market post-Brexit presents substantial challenge in terms of labour availability. This is particularly evident across key sectors: • Tourism & Hospitality • Farming & Agriculture • Facilities Management • Care • Transportation	The Connected Economy Group (CEG) continues to take a partnership approach to assessment of Brexit related impacts providing connected support and advice to business and ensuring as far as possible aligned collegiate understanding in a continually challenging and dynamic environment. Employability partners including Skills Development Scotland (SDS) and DWP are working in partnership with East Lothian Works and employers to address challenges.									
		Rising Energy Costs Volatility in energy markets will result in significantly higher energy costs for the foreseeable future. Increasing rates will impact on the cost to operate buildings, street lighting provision, third party users of services, electric vehicle charging rates etc. Rising energy costs will indirectly impact the cost of other goods and services e.g. materials, consumables, transportation. There is a risk that electricity, gas, and unregulated fuels (heating oil, LPG, and biomass etc.) rates could increase further in 2023/24. On 26/06/23, Scottish Government informed LAs of their intention to introduce a Management Charge to selected Procurement Frameworks: Electricity and Water & Waste Water Frameworks from April 2024 and Gas from April 2025. The Management Charge for Electricity and Gas will be based on a nominal charge applied to each meter used and the charge rate set will depend on meter type. This approach also mirrors current Industry Practice.	Electricity, gas and oil is procured through Scottish Procurement. The rates for 2022/2023 will rise significantly however Scottish Procurements purchasing strategy provided some protection throughout the volatility. It is anticipated that Suppliers will pick up the new management charges on the frameworks. However, this will, likely be, passed on to LAs. The Council's Energy Transformation Board seeks to improve energy efficiency and energy supply from renewable sources reducing reliance on fossil fuels. Energy Transformation Project Board have appointed an advisory partner to advance market development of solar, wind, gas hybrid and hydrogen opportunities. Some additional funding has been reflected in 2023/24 approved budget with the expectation that energy costs will continue to fall in future years. The Council has approved a number of existing mitigation measures aimed at controlling existing cost pressures including the need to ensure the temperature in all public buildings is maintained at 18 degrees maximum. Engagement through professional networks to support national discussions on wider market conditions and supporting interventions. Energy controls and thermostats are being used to reduce temperatures across the estate monitored to weather patterns and the Asset team are mothballing and reducing property use and portfolio where possible. The UK Government has introduced temporary arrangements to place price caps on energy supply costs for consumers and introduced and the Energy Bill Relief Scheme for businesses, although these remain under review. Community Windpower has made a £1m donation to East Lothian to support local people with energy costs and the cost of living over the winter, to 31 March 2023. The Council operated as a 'trusted partner' of the scheme being run through Advice Direct , submitting applications on behalf of clients in receipt of benefits or otherwise in financial hardship. The

			scheme paid up to £1,200 per eligible household to 3 March 2023.									
		Increased Financial HardshipThe financial implications from COVID and subsequent concurrent economic volatility has continued to impact on the financial position of local business, local households and the CouncilLow income households spend a larger proportion than average on energy, food and interest payments and will therefore be relatively more affected by increases in prices.Businesses are being significantly impacted by cost base rises including energy costs, and staff shortages (often attributed to EU exit), putting pressure on margins and viability, as well as pushing up the prices charged to consumers and the availability of some goods and services.These factors continue to increase pressure on Council services in respect of welfare / poverty, employability, and business support.The council's 2022/23 budget included funding from the Local Authority Economic Recovery (LACER) Fund to provide support to low income households, as well as a one-off contribution from reserves to support	 'Helping with the cost of living crisis', which is being widely publicised by all Revenues teams and other Council services to make sure that details of the help and support available is well communicated to local residents. Support for Businesses The Connected Economy Group (CEG) continues to take a partnership approach to assessment and monitoring of energy related costs to business and makes representation to UK and Scottish Governments in the context of temporary and medium term mitigation measures as well as providing connected support and advice to business and 				The Council is continuing to promote the 'Boost Your income' campaign. East Lothian Poverty Plan – Action Plan Update is in progress for submission to Members Library Service in June 2023. A cost of living survey of council tenants has been conducted and the outputs will be considered by the financial inclusion team and poverty working group.					
ELC CR 5	Capacity	 Well as a one-off contribution from reserves to support low income households. No equivalent funding has been made available through the 2023/24 budget, meaning that the council's capacity to support residents experiencing financial hardship has reduced. Workforce Challenges Maintaining a stable and skilled workforce is essential to efficient, effective and safe delivery of services. Reduction in skilled, qualified and experienced workforce would result in an inability to provide good quality services, increased pressure on existing staff and increased likelihood of poor operational performance e.g. operating below required regulatory standards, potential harm to employees and / or the public and reputational damage. Pressures in the recruitment market are compounded by reductions in staff attendance due to sickness absence, maternity leave and annual leave – placing additional pressure on the remaining 'at work' workforce. Post-COVID-19 response, some of the Council's workforce are experiencing mental health issues, lowered resilience and fatigue. The recruitment market is challenging due to low levels of unemployment locally and a lack of specialist professional and technical within the market, exacerbated by Brexit related workforce supply issues within key sectors e.g. Facilities Management and Hospitality. 	 connected support and advice to business and ensuring as far as possible aligned collegiate understanding in a continually challenging and dynamic environment. The 2023-2027 Workforce Plan was approved by Cabinet (Jan 2023). The 2023-2027 Workforce Plan actions are being implemented. A recruitment task group has been established (August 2022) with representatives from key services and an action plan drawn up with various options being explored by HR and services. The HR service in conjunction with Corporate Communications are reviewing community based advertising methodologies e.g. poster campaigns, pro-active social media campaigns and recruitment fairs. A number of school career events in the diary over Autumn/Winter 2022. Regular assessment of staffing capacity within services enables redeployment of available resources to maintain frontline service delivery, reducing services. Staff have opportunity to work additional hours and overtime when appropriate to service needs. Essential vacancies are advertised within the approved Recruitment & Selection Policy processes. 	5	4	20	Employee Engagement Survey 2023 conducted, results analysed and action plans are in development by services. There is also a corporate action plan which will be integrated into the Workforce Plan and actions will be monitored through the Workforce Plan Action Plan.	5	3	15	October 2023	Risk updated July 2023 by Service Manager – Improvement, Policy & Communications with no change to risk scores. Risk Refreshed November 2022 by CMT – amalgamating previous CR6, CR 15 and CR 18 – composing one 'workforce challenges' risk. Risk refreshed November 2022 by CMT Sub- Group on Corporate Risks with current score increased from 16 to 20 and residual from 12 to 15 given number of

				L				L	I	LXI		
		The Council's salary and grading structure for the Local Government Employee Group may not be competitive compared to other employers making it more difficult to recruit qualified staff to a wide range of posts. Attractive employment opportunities in other sectors risks staff migrating out of Council service into less stressful, often better paid, employment, where terms and conditions of employment can be negotiated. These pressures have resulted in a reduced ability to provide the full range of services to the public and impact on the Council's ability to provide internal support services e.g. Legal services. Reflecting these workforce risks, the following services are currently operating under Business Continuity Plans: • Facilities Management • Estates • Children's Services - Support & Intervention • Waste Services - Garden Waste • Housing Options Team • Legal • Forestry Squad • Finance • Engineering Services, finance and severe reputational damage to the Council.	 The Council has agreed the limited use of the Market Supplement Policy in difficult to recruit areas, where it can be demonstrated that the market rate makes the Council no longer competitive. (This will be considered on a case by case basis). Agency staffing is utilised within Agency procurement frameworks in extremis to meet service needs. Developing graduate intern opportunities to meet service professional requirements. Managers continue to apply the Managing Attendance Policy. Initiatives are in place to help employees manage their own stress, including Employee Assistance Programme, Listening Ears, Healthy Working Lives Organisational Development and Healthy Working Lives briefings to staff and managers on techniques etc. to support staff to maintain mental health and wellbeing. Salary placement within the Grade in Local Government Employee recruitment relevant to candidate skill and experience, rather than always on 1st point of the scale. Service Reviews involve inputs from HR and Finance to ensure appropriate role and grading definitions within the service and broader corporate context. 			LXI				LXI		services in E mode.
		Certain services such as FM, Garden Waste, Housing Options and Children's Services are likely to remain within Business Continuity arrangements for some time due to absence and recruitment challenges.	Efficient deployment of Disclosure Scotland checks. Review of recruitment options, online and face to face, in progress.									
		 Insufficient staff can also lead to an inability to open facilities, or to reducing opening hours/days, impacting on local service access and reducing community programmes of activity. A lack of cross-service staff capacity to meet emergency response requirements and any other concurrent risks e.g. winter weather emergency, refugee response, avian flu outbreak, ash dieback et al., would increase risks to public safety, bringing reputational damage to the Council. The Council recognises that a large proportion of the workforce is aged over 55 years and many staff with significant knowledge and experience could leave the Council leaving the Council at risk in key areas – an inability to recruit impacts on succession planning and risks key specialist roles remaining unfilled. The Council has a duty of care to the workforce, a 	 Induction programmes for new employees have been updated. CMT operate a Business Continuity Plan and maintain up-to-date training in Emergency Planning and Response. Business Continuity Plans activated as necessary, reducing scope and scale of service delivery to focus existing resource on business critical and statutory functions. As an example Garden Waste collections which are non-statutory will remain on a monthly cycle to protect statutory services. Contingency planning and identification of non-business critical activities and staff who may be trained to deploy to essential activities when required; including consideration of closing service areas if required. 									
		breach of which may affect the health, safety and wellbeing of employees leading to increased sickness absence, pressures on service delivery and added potential for employee liability claims against the Council for incidents involving employees or non- employees or enforcement action by the Health & Safety Executive.	Support is provided by Amenity services to supplement the winter emergency response team. Provision of LGV licence training to increase capacity amongst drivers within services e.g. to drive gritters.

	ategory	Risk Description	Existing Risk Control Measures	Likelihood L	Impact	Total		Likelihood	Impact	Total	-	
		Under the Data Protection Act 2018 and the UK GDPR, the Council is required to ensure that personal data is processed lawfully, fairly and securely. Breaches of the Data Protection Act / GDPR could result in: - harm to individuals; - legal action; - froes of up to £17.5 million or 4% of turnover, whichever is higher; - requirement to pay compensation; - adverse publicity; - damage to reputation The Council has a mandatory 72 hour window in which to report relevant breaches to the Information Commissioner's Office. Limited security, procedural and environmental controls at the Dunbar Road records store mean that records and personal data are at risk of security breach and/or accidental loss or destruction. The shift to home/digital working in response to COVID-19 has also placed additional pressures to digitise paper records management systems and ensure new ways of working remain secure. Requests for personal data (SARs) have increased significantly in both number and complexity (50% increase on Jan-May 2022). Increase is partially attributable to the indirect impact of the Scottish Child Abuse Inquiry and the launch of the Redress Scheme. Combined impact with staffing challenges, increase in FOI requests and disproportionate impact of a number of frequent requesters, the Council is at higher risk of missing statutory timescales for responses. DP compliance is dependent on good records management. The Council's Records Management Plan 2014-2019 needs to be formally updated to account for GDPR/DPA18 as well as changes to recordkeeping practice across the Council. This is also a requirement of the Public Records (Scotland) Act 2011 (PRSA). Current pressures on Registration service and increased demand from Services for review of Data Sharing Agreements / Data Protection Impact Assessments are impacting capacity to address Records Management.	The Council has a comprehensive suite of measures to ensure compliance, including the retention of a statutory Data Protection Officer (DPO), the Data Protection Policy, Data Breach Procedure and multiple procedures governing the creation, use and disposition of records and personal data. IS, DP and Records Management Awareness training is a mandatory part of induction and must be refreshed every two years. E-learning module content was refreshed and redesigned in May 2022. The ELNet pages for Information Governance also include templates, guidance and information to support corporate compliance. The Council's Records Management Plan (RMP) covers how the Council manages its records and includes links to our IS, DP policies and retention schedule. There is an annual assessment of Progress of Records Management Plan by The Keeper's office. The Council is planning formal resubmission of its RMP for the Keeper's approval (date tbc). The Council has a close working relationship with SOLAR (Society of Local Authority Lawyers and Administrators) and attends meetings regularly. These meetings are also attended by the Information Commissioners office. The Council also attends and currently chairs ASLAWG (Archivists of Scottish Local Authorities Working Group) to share best practice with other record keeping professionals. Records Management Plan: Retention schedules and BCS have been updated in line with national models. Initial phase of Digital Preservation Plan currently underway to identify/register digital information Schedule to map to their own records with support from the Information Governance Team. Information Asset Register: 2 workshops have been completed with Feedback and Procurement to identify data flows and risk points. This is a key compliance measure under Article 30 of the UK GDPR and the Council's Records Management Plan. DSA/DPIA Process Reviews; DSA and DPIA processes have been reviewed and simplified. Dunbar Road Options Paper: CMT has approved proposals to contract out paper document management s				Training & awareness: The DPO, Team Manager- IT Infrastructure & Security and Communications Plan including Inform briefings, e-mail updates and other training and briefings to reinforce awareness of data protection and information security across the Council; currently limited by capacity within Information Governance team but expected to be progressed following recruitment to new Team Lead- Information Governance post, for which a preferred candidate will commence work on 31/07/2023. Information Transformation Strategy: the Team Manager-Information Governance and Team Manager-Infirmation Governance and Team Manager-Information Governance and Team Manager-Information gets to the right person, at the right time, and in the right format'. Records Management Plan: All 14 elements of the Council's RMP will be reviewed and updated, focusing particularly on secure destruction, digital preservation, application of retention schedules and changes to ways of working. DSA/DPIA Process Reviews: Full roll-out of new processes to be completed following recruitment of new Team Lead-Information Governance (start date 31 July 2023). Paper document management: Procurement exercise to identify best value for document management services for all paper records. Existing contract has been extended with supplier Oasis by six months to allow for completion amidst other service pressures.				Ongoing Ongoing October 2023 March 2024

		 Capacity of children's and Adult Social Work services, Education and HSC to cope with increased demands Additional demands continue to emerge through extensions and variations to all the schemes – including the rise in unaccompanied minors and associated responsibilities The disembarkation (ongoing and planned for July) of the two refugee ships will create additional demand and service pressures. Implementation of the mandatory national transfer scheme means East Lothian must accept an allocation of unaccompanied asylum seeking young people set by the Home Office. Notification will be at short notice and the frequency is dependent on their rate of arrival in the UK. This mandatory allocation has been increased without consultation. The national local crisis in fostering resources is compounding the service risk. Some refugees and asylum seekers are reluctant to settle in East Lothian, preferring to be in bigger cities. There is a likelihood of them leaving on an unplanned basis putting them at risk of exploitation. 	Clarity on funding at national level, notwithstanding ongoing changes. Successful recruitment of two Tenancy Support Officers.									
ELC CR 8	Reputation Financial	 Climate Emergency East Lothian Council has statutory duties to mitigate its emissions, adapt to climate change and act sustainably. The Scottish Government's Climate Change Act (2009) requires the Council to support the delivery of the national net zero targets and adaptation programmes. The risks associated with the responsibilities are: Failure to meet our statutory duty in Scotland's Climate Change Act (2009). Lack of financial and staff resources to mitigate emissions and deliver the net zero interim target by 2030 and full target by 2045. Unknown costs of the transformational change needed to adapt to climate change impacts. Risk aversion, particularly in relation to new technologies that could support mitigation and adaptation. Reputational damage and failure in corporate social responsibility if climate action is not mainstreamed across the Council. Lack of/unclear funding and unbudgeted costs to reduce carbon emissions, e.g. for the transformational changes needed in Fleet¹ and Asset² Management. The latest IPCC sixth assessment reports show that we have reached a tipping point where we will face extreme weather and climate change impacts despite efforts to mitigate greenhouse gas emissions. To 	CO ₂ e reductions and delivery of adaptation	4	4	16	Identify budget and funding streams to continue delivering transformational change to Fleet and Asset Management (e.g. staff resources to chase funding opportunities and support services to access them). Secure the tools, powers and resources to enable the delivery of a 'Net Zero Council'. Identify interim emission reduction targets across Council Services and implement a monitoring & evaluation framework in response to this. Engage East Lothian Partnership to include carbon emissions reduction targets in review and update of the East Lothian Plan. Work has commenced with Strategic Assessment Workshops and the internal Community Wealth Building Working Group. Re-engage with the Resilient Communities initiative, to prepare East Lothian residents for emergencies and severe weather events. Progress made: internal adaptation workshop held, community workshop with East Lothian Climate Action Network planned.	3	4	12	Ongoing with annual review 2025 - annual review Ongoing with annual review August 2023 October 2023	Risk refreshed May 2023 by Sustainability and Climate Change Officer with no change to risk scores.

Risk	Risk			Assessme	nt of Curre	ent Risk	Planned Risk Control Measures	[With p	nent of Re Risk roposed co neasures]		Timescale for Completion / Review Frequency	Evidence held of Regular Review
Ref.	Category	Risk Description	Existing Risk Control Measures	Likelihood L	Impact I	Total L x I		Likelihood	Impact	Total		
		adaptation efforts are as ambitious as our mitigation actions. The Council are making progress on the Climate Emergency risks. However, there is an urgent need to secure the funding, resources, tools and powers to enable us to deliver net zero. Until then, our capability of transformational change to reduce these risks is uncertain. ¹ Fleet Management: We need to replace public sector fleet vehicles with ULEV by 2025. However, funding from the Scottish Government is limited and focused on smaller vehicles. Shifting ELC's heavy commercial fleet to a UNLEV platform will require additional unbudgeted funding. Currently, the cost of an EV refuse collection vehicle is 2.5 times more expensive than a fossil- fuelled equivalent. Another cost implication is the charging infrastructure needed to support these vehicles. ² Asset management: We anticipate the costs of transformational change for our built assets to reach net zero to be substantial. To achieve net zero, we need to ensure that capital is available (e.g. capital for asset reconfiguration, energy efficiency measures, energy generation, etc.). It is key to manage Council assets in line with the climate change agenda.	 Adaptation Scotland and SSN, ensuring consistency and collaboration between public bodies in the response to the climate emergency. Transport Scotland, funding ELC's ULEV public sector fleet objective (2025). NB, funding options are limited to be either lease of part funded purchases. Thus, the opportunities to fully utilise ULEVs are limited. The Sustainable Transport Officers Group, which coordinates a multi-departmental response to increase active and sustainable travel. East Lothian Climate Action Hub and Community groups, which supports public engagement to reach net zero. The Sustainability & Climate Change Officer continues engagement with SSN and Scottish Government to align work with the Scottish Public Engagement Plan for net zero (Sep 2021). Carbon Literacy Training is currently being rolled out to staff. The Council has set a target of training 500 staff members by 2027, as this is one way to comply with our statutory duty in the Climate Change (Scotland) Act 2009 that public bodies must act sustainably. Raising climate literacy helps each department to identify action and contribute to mitigating and adapting to climate change. Climate emergency workshops are being held to the Area Partnerships to include climate emergency in their Area Plans. NBC have had theirs, Musselburgh's is planned for June and discussions have been had with Haddington. Meet with Association of East Lothian Community Councils to discuss the climate impacts in the area and actions needed. 									
ELC CR 9	Legal & Regulatory	limitation period for civil actions arising out of childhood abuse (defined to include sexual abuse, physical abuse, and emotional abuse) relating to children who have been in the care system. The Act covers the period prior to 2004. In conjunction with the Scottish Child Abuse Inquiry there is an increased likelihood of survivors coming	 Child Abuse Claims Group and SCAI Overview Group East Lothian co-ordination of responses, reported strategically, managed flow and collaboration. Close monitoring of the work of the Scottish CAI itself and review of any published materials. Scotland-wide networking and information sharing on SCAI between authorities. Council has appointed external solicitors to provide legal support for the public fostering inquiry. Records Management expertise allows us to respond effectively to SAR requests and information requests / provide evidence. However, increase in volume of SAR requests received, not just in this area, are placing more pressure on the Information Governance team to be able to coordinate further work as required 	4	4	16	Discussions planned to consider how to ensure sufficient staffing resource available to deal with claims, court actions, and submission of S21 requests and recovery of documentation and to preserve the Council's position. Fully engage with the SCAI to anticipate and forecast future claims and ensure ELC is represented well in the public hearings. Ensure current social work practice with children who are accommodated away from home meets high professional standards and complies with legislation and national standards to ensure they are safe and reduce the likelihood of any 'new' claims arising. Full review of the overall Council Records Management systems and behaviours required to be undertaken to streamline obtaining the relevant information requested.	4	3	12	All measures reviewed quarterly at cross service catch up meeting and will be ongoing for some time.	Risk reviewed April 2023 by Insurance, Legal and CSWO with no changes to risk scores. Risk reviewed May 2022 by Chief Social Work Officer with planned score increased from 9 to 12.

		The Child Abuse Inquiry continues to extend its investigations into other areas, which may affect the Council. The Inquiry recently considered foster care. There are currently two claims arising from foster care against the council. Judith Tait as CSWO gave evidence to the SCAI about the experiences of children in foster care in East Lothian. There may be more claims relating to foster care being made against the Council. The next phase of the Inquiry is in relation to residential schools and includes the previous St Joseph's, Tranent. Claims have been presented to successor authorities of LRC in relation to this establishment Redress Scotland established to provide survivors with an avenue to compensation where they do not wish to submit a claim directly to a successor organisation. Where the Redress Scheme is not used, any legitimate claimant may still raise action against ELC. Note that there remains a period from 2004 to present which is not covered by Scottish Government proposals/legislation for compensation schemes and as such any legitimate claim arising would need to be taken forward through ELC and/or Insurers.	 management etc. Accurate records post 1996 relating to East Lothian Council clients. Council Financial Reserve – may reduce the impact to service provision if claims extend beyond budget. 2023 update: further discussions to be held between successor LRC local authorities due to emerging risks of limits of indemnity and future allocation of claims. The Scottish Government redress schemes is available for potential claimants to pursue. Where a survivor submits a claim to the redress scheme and accepts the compensation offered, a waiver is signed so that they may not submit an insurance claim. The maximum amount of compensation through Redress Scotland is £100,000. 									
ELC CR 10	Physical and/or Psychological Impact on People Service Objectives Legal & Regulatory &	Flooding and Coastal Erosion As the incidence of flooding and coastal erosion increases as an impact of Climate Change, there is an increased risk of disruption and damage to road and	covering the Forth Estuary catchment over the 2022- 28 (Cycle 2) period was published. In March 2023, the Forth Estuary Local Flood Risk Management Plan covering 2022-28 was published. This publication	4	4	16	 Flood studies for Dunbar, West Barns & North Berwick (Coastal), Cockenzie, Port Seton, Longniddry & Prestonpans, and Tranent & Macmerry have been included in the 2021-28 Flood Risk Management Plan and the 2022-28 Forth Estuary LFRMP. As part of the 2022-28 Local Flood Risk Management Plans Flood Protection Schemes for Musselburgh and Haddington are included in the list of actions for the Forth Estuary Local Plan District. ELC have undertaken Flood Studies for Musselburgh and Haddington within the 2016-2022 FRM cycle and are currently progressing the Musselburgh Flood Protection Scheme which is a fully established project. It has completed three of its nine stages, and is currently progressing Stage 4 (Outline Design) of the Scheme Design in accordance with the project's PRINCE2 Project Management System. Musselburgh FPS is not yet approved under the Flood Risk Management (Scotland) Act 2009 – the formal approval process will take place in early 2024 once the Outline Design stage is complete. The Council's Severe Weather Response will be tested in an Emergency Planning 	3	3	9	2023-2028 2023-2028 2024 2023-2024 2023-2024	Risk reviewed and updated July 2023 by Senior Engineer - Flood Protection, with no change to assessment of current scores.

ELC CR 11	Financial Service Objectives Legal & Regulatory	The Impact of the National Care Service on East Lothian CouncilThe Scottish Government proposal to establish a National Care Service, which could extend to all adult social work and social care services, children's services, justice social work services will result in the largest re-organisation of local government since the creation of single tier local authorities in 1995/96.The National Care Service (Scotland) Bill was published as at 22 nd June 2022. The Bill sets out	Improvements to introduce a risk-based process of undertaking watercourse inspections and delivering appropriate clearance and repair of watercourses was implemented in 2022. The council provided a detailed and comprehensive response to the Scottish Government's consultation on its proposals, outlining the concerns and risks involved in the creation of a National Care Service (report to Members Library, November 2021). Council officers will actively engage in National Professional networks and feedback any relevant information to the working group.				The Council has established a working group that will consider the scope and impact that the NCS may have on Council Services. The working group will also monitor ongoing developments and respond to any request for information and engage in the consultation.				In line with Scottish Government decisions	Risk reviewed July 2023 by Executive Director, Education & Children's Services and reviewed by CMT August 2023 with current score reduce from 20 to
		principles for the NCS and places a duty on Scottish Ministers to promote a Care Service designed to secure improvements in the wellbeing of the people of Scotland. The full scope of the NCS is still to be determined, although, the inclusion of Adult Social Work and Social Care must be assumed. There will be a period of formal research and consultation to inform the decision about the inclusion of Children and Justice Social Work Services. The Bill states that the NCS will be up and running by 2026. On the 12 th July 2023, SG confirmed that accountability for the NCS would be a partnership between SG / LG and NHS. It also confirmed that the workforce and assets currently within local authorities, would remain there in the new NCS. At its inception, the council detailed concerns at the risk involved in this proposal which were detailed in the Council's response to the Scottish Government's consultation on its proposals (report to Members Library, November 2021). Some of these risks have been mitigated by the announcement of 12 July 2023 although others remain.	CMT will continue to monitor the development of the proposal and report as appropriate to the Council. Council agreed to delegate authority to the Exec Dir of E&CS to respond to consultation exercises, and submit evidence, in respect to the Scottish Government's proposal for a National Care Service for Scotland and the National Care Service (Scotland) Bill.	5	3	15		4	3	12		15 and residual score from 20 to 12. Risk reviewed July 2022 by Executive Director - Education & Children's Services and Head of Children's Services with the residual score increased from 16 to 20 due to the uncertainty around what the Council can do to treat the risk. New Corporate Risk created March 2022 by Head of Children's Service, also to replace risk on Public Sector Reform.

ELC CR 12	Physical and/or Psychological	The potential for elements of the proposed changes to lead to improved outcomes for vulnerable people is acknowledged. However, there remains uncertainty on any unintended consequences of the changes on how effectively and efficiently the council can continue to meet its statutory obligations. Public Protection – Risk of Harm The Council has a legal responsibility to address	Strategic Structure				A Joint Strategic Needs Assessment for					Risk reviewed
	Impact on People	 Concerns that may require a Child or Adult protection response. The Council also has an obligation to manage offenders through the Justice Social Work service and contribute to MAPPA arrangements. It should be noted that by the very nature of the work involved in Child Protection, Adult Protection, management of offenders and people experiencing domestic abuse this is a high risk business even with all the controls and measures in place. Any failure to adequately respond to concerns may negatively impact on children and adults, who may be at risk of harm. This could also result in serious harm/death to an individual/s, prosecution, having to pay compensation and have a negative impact on the reputation of the Council. A failure to secure efficient and effective Public Protection arrangements, covering Child Protection, Adult Support and Protection, local MAPPA arrangements, Violence against Women and Girls (VAWG) and Substance Misuse services, may see the Council being unable to fulfil its statutory duties/duty of care which could contribute to a service user suffering harm/death or detriment. This would in turn result in reputational damage to and increased scrutiny of the Social Work services. There are continuing issues with the delivery of Social Care Services within the Care Home and Care at Home sector. There is the potential for a service failure which could place vulnerable adults at risk of harm. There has been a long standing waiting list for an Outreach Service from Women's Aid Mid and East Lothian which is the specialist service provider for Women experiencing or having experienced domestic abuse. There is a funding gap created by non-recurring revenue streams and increased demand. In the context of rising demand for domestic abuse supports in the county, the council's arrangements for delivering Equally 36e, the national strategy to reardicate violence against women and girls requires a stronger strategic and partnership focus. Without this, Eas	 The East and Midlothian Public Protection Committee (EMPPC) is the local strategic partnership responsible for the overview of policy and practice in relation to Adult Protection, Child Protection, Offender Management and Violence Against Women and Girls. The primary aim of the Committee is to provide leadership and strategic oversight of Public Protection activity and performance across East Lothian and Midlothian. It discharges its functions through four subgroups which meet quarterly: Performance and Quality Improvement sub-group maintains overview of work through the door and performance in relation to CP and ASP work Learning and Practice Development sub-group takes forward our 2021-23 strategy for Multiagency training, and oversees our training programme. Training needs on aspects of Public Protection are considered by this group and are informed by Training Needs Analyses undertaken by the East Lothian Workforce Development Officers in Children's Services and the HSCP. VAWG delivery group keeps oversight of services for gender based violence East and Midlothian MAPPA Group (EMMG) oversees MAPPA arrangements. Critical Services Oversight Group (CSOG), Provides governance and leadership of EMPPC on a quarterly basis. The CSWO is chair of the local Strategic Oversight Group for MAPPA and actively involved in national and local discussions around MAPPA information sharing, supported by ELC legal and justice services. The East and Midlothian MAPPA performance and practice. The CSWO remains actively engaged in national meetings aimed at achieving a long-term solution to the MAPPA information sharing / ViSOR issue ahead of the implementation of the replacement system MAPPS. The CSWO will continue to provide regular assurance of the safety of MAPPA practice to the CEO. The CSWO and Chief Executive are fully sighted on the current situation regarding VISOR. Access to ViSOR requires Non-Police Personnel Vetting L2 or L3 and this is a h	3	4	12	 Public Protection is being taken forward by CSOG. The Council Management Team and EMPCC learning and development subgroup will seek assurance that arrangements are in place for completion of Level 1 training. Awaiting feedback from Scottish Government. L&D Work has begun to refresh the knowledge and understanding of both CMT and SMT that child protection is everyone's responsibility and to ensure that this key message is communicated and understood by all staff. Under the new East Lothian Safety and Justice Strategic Partnership, the national strategy Equally Safe will be progressed through its own dedicated sub-group. The East Lothian Partnership's establishment of the new Community Safety and Justice Partnership, and creation of its 3 supporting groups – Community Safety Group, Community Justice Group and Equally Safe Group – will see a renewed focus on community safety and justice priorities during 2023/24. 	2	4	8	August 2023 September 2023 March 2024	April 2023 by Head of Operations, H&SCP with no change to risk scores. 		 appeal'. This could result in unplanned development at odds with the planning strategy for East Lothian, and consequent reputational damage; undermine our ability to secure S75 contributions towards essential infrastructure with consequent impact on corporate capital and revenue planning. Risk is added to the process for the production of the 										
		next LDP as it will be commenced without all the national regulations and guidance being published.										
ELC CR 19	Legal & Regulatory	Corporate Events Management										
		 Effective preparation and co-ordination across a number of services, for events held in East Lothian, is essential. Failure to achieve this could result in event safety being compromised followed by a risk of adverse reputational damage for the Council on a local/national/international level as well as possible legal ramifications at fatal accident enquiries accounting for action or non-action. COSLA, Police Scotland and the Health & Safety Executive (HSE) recommend that Local Authorities form a core group, led by a senior (strategic) officer, who will meet to discuss all events taking place within their area over a pre-determined period of time. This group includes category 1 responders and other appropriate organisations and decide if each individual event should be organised through a separate, specific Safety Advisory Group (SAG) or if the event can carry on without interference, other than appropriate safety advice. The following criteria would be considered by the Safety Advisory Group (ELSAG): Status of the principal e.g. HM Queen Status of the event organiser e.g. Scottish Defence League The size of the crowd or the number of spectators Event site – proximity to residential area, remote, inaccessible Whether alcohol is available or any other license is required Impact upon local community Type of Activity - hazardous The profile of the event – National following increasing footfall/interest. The request of one of the partner agencies At the request of an event organiser 	 The ELC Emergency Planning, Resilient Communities and Events Officer will chair the SAG for all events, except for any specific events where the SESOG determines otherwise. Events that require to be put through the SAG are managed through a risk profile process which grades each event as having a Red, Amber or Green (RAG) risk. Events graded as Green are not required to attend a SAG meeting. Those graded Red and Amber are required to attend a SAG meeting. The SAG process co-ordinates preparation for various events as per the risk profile, with representation from relevant Services areas and Multi-Agency Partners. Event guidance for organisers of events is published on the Council website. Where the SAG group is set up, for a specific event, it has no statutory power to stop it taking place. However, the SAG group can withdraw its support and co-operation, for any event, which may mean that the event cannot proceed. In these 		3	6		2	3	6		Risk refreshed July 2023 with no change to risk scores.
		licenses and permits for events. The Council also has a statutory role in enforcement /inspection (building control, food hygiene etc.) and will help the organisers with traffic management, through TTRO's. If the event organisers fail to have the correct licences or safety processes in place it is the organisers who face the risk of possible criminal prosecution.	circumstances the event organiser will be advised to notify their insurance provider. That said other agencies or partners of the Group may act independently of the SAG and use their own statutory powers to unilaterally prevent the event from taking place. Police Scotland will always provide the final advice on public safety.

several events on an annual basis. For each event an	Events information and documentation accessed through the ELC website reviewed by the ELC Event Safety & Resilience Officer, maintaining oversight of the processes linked with the SAG, through his/her line manager, to continually improve the overall system. Only events organised and managed directly by ELC are covered by our insurance, part of the due diligence into any event requires that all insurance/s are verified for the activities that are to be undertaken. Where ELC cover is not in place, it may be appropriate to have additional cover through event insurance providers.									
Equality										
theSingleEqualityAct2010.The SingleEqualityAct2010 and related guidance	 November 2021. This includes the commitments made by East Lothian Council as a Licensing Board and as an Education Authority. The plan outlines our commitments: Continue to lead a culture where respect, choice 	2	3	6	The Poverty Plan 2021-2023 (49 actions) will be reviewed and produced for the period 2023 – 2027. Delivery will be monitored by the Poverty Working Group and the East Lothian Partnership Governance Group. The new Equality Plan 2021-2025 (28 actions) will be implemented.	2	3	6	December 2023 October 2023	Risk reviewed ar updated March 2023 by Service Manager – Improvement, Policy & Communications with no change t assessment of current scores.
	 All event organisers should attend a SAG meeting if required to do so. Equality Failure to meet duties and legislative requirements of the Single Equality Act 2010. The Single Equality Act 2010 and related guidance places a general duty on public authorities to be active in promoting equality, eliminating unlawful conduct and fostering good relations. It also places specific duties on public authorities to to a consider authorities to a sesses and review policies and practices; gather and use employee information; publish gender pay gap information; publish statements on equal pay; consider award criteria and conditions in relation to public procurement; publish in a manner that is accessible. The Scottish Government has introduced the Fairer Scotland (socio - economic) duty. This will require the Council to consider the impact of our work on those living in poverty. The Council will need to respond to the full requirements of this new duty and raise awareness of the requirements on the Council. There is a risk that the Council may not be able to meet its general or specific duties and in particular at a time when difficult budget decisions are having to be made that there will be cuts in services or increases in charges that have a disproportionate impact on people who may need those services most because of their equality background. The Council would be open to legal challenge of not meeting its duties and in particular of not carrying out adequate assessment of impact of policies and 	East Lothian Council is itself responsible for organising sveral events on an annual basis. 			alongside the requirement to publish an annual Equal Pay Report.									
			ELC Equalities Mainstreaming Annual Report 2022-23 published.									
			ELearning equalities modules are available on Learn Pro and 'Get in on the Act' guides to the Council's legal responsibilities are available for all employees and Elected members. A new e learning package 'Understanding Poverty' has been added to support employees to understand about taking poverty into account when designing services and will be updated once details of the Socio Economic duty are known.									
ELC	Reputation	Standards in Public Life										
CR 21	Legal & Regulatory	Failure of corporate governance or to meet standards in public life.Failure of the Council's corporate governance or of officials or members to meet standards in public life could result in reputational damage.	Standing Orders (the Schemes of Administration and Scheme of Delegation) are regularly reviewed and revised. The most recent review took place in April and June 2023, with two reports to Council. The Council has an adopted Code of Conduct for its employees which gives all employees greater clarity around the standards of behaviour expected of them. Breach of the Code may amount to a disciplinary offence.				The Council's Standing Orders are reviewed regularly and a further review will be undertaken after a period of operation of the Hybrid Committee Meetings system to ensure they remain up to date and relevant.				April 2024	Risk Reviewed by Head of Corporate Support June 2023 with no change in risk scores.
			Training on the Councillors' Code of Conduct is offered to Members periodically with regular updates from the Standards Commission circulated to Members.									
			The Council's Monitoring Officer and Depute Monitoring Officers provide advice as required.	2	2	4		2	2	4		
			An induction programme for new Councillors was delivered to both new and returning Members. This included training on standards in public life and, specifically, on compliance with the requirements of the Councillors' Code of Conduct.									
			A 100-day review took place with our Elected Members in August 2022. This was carried out by way of face- to-face meetings with Elected Members and covered the Elected Member Induction Programme, the Councillors' Code of Conduct, PA support, office accommodation, Access to Council officers, committee papers, surgeries, and further training and development.
