(Max 500 characters)

Replace existing conservatory with new of identical form and footprint

Type of Application

What type of application did you submit to the planning authority? *

- Application for planning permission (including householder application but excluding application to work minerals).
- Application for planning permission in principle.
- Further application.
- Application for approval of matters specified in conditions.

What does your review relate to? *

- Refusal Notice.
- Grant of permission with Conditions imposed.
- No decision reached within the prescribed period (two months after validation date or any agreed extension) – deemed refusal.

Statement of reasons for seeking review

You must state in full, why you are seeking a review of the planning authority's decision (or failure to make a decision). Your statement must set out all matters you consider require to be taken into account in determining your review. If necessary this can be provided as a separate document in the 'Supporting Documents' section: * (Max 500 characters)

Note: you are unlikely to have a further opportunity to add to your statement of appeal at a later date, so it is essential that you produce all of the information you want the decision-maker to take into account.

You should not however raise any new matter which was not before the planning authority at the time it decided your application (or at the time expiry of the period of determination), unless you can demonstrate that the new matter could not have been raised before that time or that it not being raised before that time is a consequence of exceptional circumstances.

Inconsistent application of Planning decision making and accentuation of affect on listed building when no alterations to the structure or fabric is proposed and HES saw fit not to comment on the work on this List B building. The very limited restricted view to the rear of the property presents similar to others, differing little from many alterations etc similarly positioned to the rear of Listed Buildings in Conservation Areas approved, usually necessitating LRB, in East Lothian.

Have you raised any matters which were not before the appointed officer at the time the Determination on your application was made? *

Yes No

If yes, you should explain in the box below, why you are raising the new matter, why it was not raised with the appointed officer before your application was determined and why you consider it should be considered in your review: * (Max 500 characters)

Please provide a list of all supporting documents, materials and evidence which you wish to submit with your notice of review and intend to rely on in support of your review. You can attach these documents electronically later in the process: * (Max 500 characters)

Declare – Notice of Review

I/We the applicant/agent certify that this is an application for review on the grounds stated.

Declaration Name: Mr John A Fyall

Declaration Date: 02/09/2025

Fee Exemption Reason

I have arranged to pay my fee directly to my Authority

The review would not be necessary if Planner had just be consistent in implimenting ELC Policy ! i.e Councillors, applicants and others disturbingly regularly have to often needlessly expend scarce resources in resolving cases, with the oppourtunity cost of using such as ELLRB thus depriving the more productive use of time by all elsewhere !
